The Intertwined Journey of Literature and Indian Cinema

Dr. Alok Ranjan Pandey

The bond between literature and cinema is truly remarkable, inseparable characterised by a reciprocal relationship where each enriches and complements the other. If we view cinema as a reflection of literature, then literature serves as the mirror of cinema. Both mediums serve as powerful tools for catalysing social, economic, and political change.

Through literature, stories are woven, characters brought to life, and dramas enacted on the stage. Over time, the stage evolved into the modern cinematic temple, marking the intertwined evolution of literature and cinema.

Renowned Western scholar Herbert Read aptly captured the essence of this relationship when he remarked, "Those who fail to recognise the connection between screenplay and literature are mistaken." He emphasised the role of emotional depth in great writing, the ability to evoke vivid imagery, and to stimulate the imagination. Indeed, literature, from the epics of Homer to the works of Shakespeare and modern poets, has always served to project images and events onto the screen of the mind- a characteristic that resonates in the artistry of a good film.

While comparing literature and films, we find a stark contrast between their essence and impact. Literature embodies a timeless truth, while films, with their realistic visuals, become bound by time. The visual aspects, like costumes and adornments, hold great significance in films, anchoring its reality firmly in the tangible. Unlike

literature, which transcends time, films are constrained within a temporal framework.

Cinema emerges as the embodiment of modernity, offering a more influential and accessible medium to reach the masses compared to literature. Its origins can be traced back to literary inspirations, such as the adaptation of Bharatendu Harishchandra's play 'Harishchandra' for India's first film.

India's cinematic journey spans over a century, marked by significant milestones such as the introduction of sound in films with 'Alam Ara' in 1931. Hindi cinema, in particular, has emerged as a global representative of Indian cinema, reflecting the cultural richness of the nation. However, despite the abundance of literary treasures in Hindi literature, films based on literary works remain a rarity in Mumbai's film industry. Despite a few exceptions, filmmakers often shy away from adapting Hindi literary pieces into films, resulting in a scarcity of such cinematic ventures.

In the early days of talking films, echoes of Parsi theater resounded with melodrama and music. As cinema evolved, a broader spectrum of subjects emerged, prompting filmmakers to seek inspiration from established literary figures. One such luminary was Premchand, a towering figure in Hindi literature, who was invited to Mumbai by Ajanta Movie Tone Company in 1933, just two years after the advent of talking films. Mohan Bhavnani directed 'Mil Mazdoor,' based on Premchand's story, albeit with alterations that displeased

Innovation in Set Design

Embracing New Technologies and Techniques

Neeraj Sethi

Why Sets Matter

In the enchanting world of entertainment, be it theater, film, or television, the stage is more than a mere backdrop. It is a canvas upon which stories unfold, emotions resonate, and dreams take flight. Sets serve as the silent narrators, shaping the mood, era, and ambiance of a production. They transport audiences beyond the confines of reality, inviting them to explore distant lands, historical epochs, and fantastical realms.

A well-designed set is akin to a symphony- a harmonious blend of architecture, colour, texture, and symbolism. It evokes emotions, enhances storytelling, and immerses viewers in an alternate universe. Whether it's the opulence of a royal palace, the gritty streets of a noir detective story, or the whimsy of an animated fairy tale, sets play a pivotal role in suspending disbelief and inviting wonder.

The Artisans Behind the Scenes

Set designers are the architects of illusion who

transform raw materials into enchanting landscapes. Their craft requires a delicate balance of creativity, technical prowess, and collaboration. Set designers collaborate closely with directors, writers, and fellow creatives, dissecting the script, characters, and thematic nuances. Then they go on to translate abstract concepts into tangible designs that resonate with the audience.

They sketch, sculpt, and render- their tools as diverse as their visions. These blueprints become the roadmap for construction crews, carpenters, and painters. Every detail matters: the curve of a banister, the texture of a stone wall, the play of light through a window.

Authenticity and Research

Set designers wear many hats!

Biodegradable Coir-based Pellets

An Alternative to Conventional Plastics

In the pursuit of environmental conservation, discovering alternatives to conventional plastics presents a formidable challenge. However, a recent breakthrough from a laboratory in Kerala offers a promising solution. This innovation involves the creation of coir-based pellets, which serve as biodegradable substitutes for non-biodegradable plastics. Developed by the National Institute of Interdisciplinary Science and Technology (NIIST) in Thiruvananthapuram, these pellets are crafted through injection moulding- a process wherein fibrous coconut husks are blended with a biodegradable polymer, melted, and injected into a mould before solidifying. This scientific intervention underscores NIIST's commitment to reducing the environmental impact of

mechanical strength. The products find application in the field of agriculture, construction, packaging, healthcare, and consumer goods.

Crafted from a blend of coir, biodegradable polymer, and

have already found utility in several innovative applications. For instance, they have been utilised to produce eco-friendly garden pots, serving as a sustainable alternative to traditional plastic pots. Additionally, for the textile industry, compostable core plugs have been developed to safeguard textile rolls during transit and storage.

Moreover, these versatile pellets are used in creating intricate structures such as drain cells, which efficiently manage excess water in various environments, including highway medians and rooftops. This multifaceted approach underscores the pellets' potential to address sustainability challenges across diverse sectors.

The items manufactured from these biodegradable pellets play a vital role in minimising our reliance on traditional plastics, thus reducing our overall plastic footprint. While environment-friendly alternatives to conventional plastics exist in the market, they often come with a higher price tag, earning them the label of "premium products." This price barrier limits accessibility to a wider population. However, it is imperative to note that the continued indiscriminate use of traditional plastics poses significant challenges, particularly concerning their degradation and environmental impact. Addressing these challenges is crucial to avoid potentially severe consequences in the future.

A plastic straw takes around 200 years to decompose, plastic bottles take around 450 years, plastic cups take about 450 years, toothbrush around 500 years, and disposable diapers take around 500 years to degrade. Minute

Biodegradable Coir Composite Pellets Developed by CSIR-NIIST

conventional plastics by introducing eco-friendly alternatives.

The pellets are cost-effective, scalable, and ready-to-use. They can be moulded into a variety of products and shapes as per the application. The final product is highly flexible with high

plasticiser- an agent enhancing flexibility- the pellets undergo a process involving melting, blending, and extrusion. Upon cooling, they are cut into pellet form, ready for application.

These biodegradable pellets

Biodegradable Garden Pots Made of Biodegradable Coir Pellets

Injection Moulded, Decomposable Core Plugs from Coir-Based Pellets for Textile Industry

Drain Cells Made from Biodegradable Coir Composite Pellets

plastic fragments known as Micro and Nano Plastics (MNPs) contaminate the ecosystem and harm the wildlife. Apart from environmental damage, plastic causes health hazards as well. In case of the wildlife, whether in sea or land, ingestion of plastics are fatal as these choke their organs through accumulation. These tiny

micro and nano plastics puncture the organs leading to death of the animal. Some MNPs are difficult to detect. They are ingested by humans and enter the system through the foodchain.

According to the UNEP's 2021 report titled "Pollution to Solution," a staggering amount of plastic waste, ranging from 75 to 199 million tons, currently contaminates our oceans. The report also underscores the health risks associated with microplastics, particularly for women, due to the chemicals they carry.

Amidst this inundation of non-biodegradable plastics, where global production exceeds 430 million tonnes annually, the emergence of groundbreaking research and innovations becomes imperative. One such innovation is the development of 100% biodegradable coir-based pellets, pioneered by CSIR-NIIST. This breakthrough offers a promising solution to combat the plastic crisis and its detrimental effects on the environment and human health.

Contributed by: Science Media Communication Cell, CSIR-NIScPR, New Delhi.

INTERVIEW

Dr. C. Anandharamakrishnan
Director, CSIR-National Institute for Interdisciplinary Science and Technology

How long did the making of market-ready biodegradable coir-based pellets take?

The total time taken for the development was 18 months. This technology has been developed in connection to the CSIR - FTT Project (4th Tranche) on coir geo composites under E3OW (Ecology, Environment, Earth and Ocean Sciences and Water) theme - MLP0070, NIIST.

Is this invention affordable and useful to the common people?

Our compostable coir fibre composite pellets can be injection moulded to any shapes with desired flexibility using existing fabrication facilities, would be a potential alternative to non-biodegradable conventional plastics. Coir, being an abundant fibre in the tropical regions, is used as a sustainable filler material, resistant towards saline conditions, fungi, termite etc., imparts excellent mechanical and insulating properties and thus the raw material cost can be reduced.

Please provide salient points of the future roadmap of R&D of CSIR-NIIST.

Currently, the technology is licensed awaiting commercialisation. It has been demonstrated at an industrial scale (Technology Readiness Level 5). A few salient propositions of this technology are:

- To encourage the adoption of eco-friendly products, supporting sustainable consumer choices.
- Generate employment opportunities in rural areas, especially for women.
- This technology is highly relevant to the "Atmanirbhar Bharat", "Make in India", "Innovate in India", and "Swachh Bharat Mission."

Ministry of Power

Vacancy Circular

Ministry of Power, Government of India intends to hire one (01) **Young Professional** in the field of Energy Conservation, Energy Transition and Climate Change for a period of one year. For more details related to age, qualifications and remuneration, etc. kindly visit website: <https://powermin.gov.in>. Duly filled in applications may be sent through email to ecdivision-mop@nic.in within twenty (20) days of publication of this advertisement in the Employment News.

Under Secretary (EC, ET & EV)
Ministry of Power

Success Follows Consistent Efforts

Patience and consistency serve as the cornerstone of triumph, asserts Ashish Kumar Singhal, hailing from Rajasthan, who clinched the eighth position in the 2023 Civil Services Examination conducted by the Union Public Service Commission (UPSC). Embracing the *Shrimad Bhagwad Geeta's* philosophy of '*Karmanyevaadhikaraste*', he emphasises the significance of wholehearted efforts, finding contentment therein, and relinquishing attachment to outcomes. For Singhal, fulfilling one's duties diligently is paramount, with acceptance of outcomes being a natural consequence. Upholding the principles of perseverance and unwavering commitment, he attributes his success to their steadfast application. In an exclusive interview with Chandan Kumar Chaudhary for Employment News, Singhal offers advice to aspiring Civil Services candidates, underscoring the importance of persistence and steadfastness in pursuit of their goals.

What are your reflections on this remarkable achievement, particularly securing the 8th rank? How does this accomplishment make you feel?

Experiencing success after putting in hard work brings immense happiness. This victory is particularly special because it comes after four previous attempts. I feel really content knowing that my efforts have paid off. Before the results were announced, I was quite nervous. Interestingly, I didn't check the results myself. Instead, I found out about my achievement through a phone call from a friend who informed me that I had secured the 8th rank.

What was your key approach to succeeding in the exam?

My approach has always been consistent effort. Once you set a goal, it's essential to keep pushing towards it, consistently taking steps forward. Persistence and patience are crucial; success may not come immediately, but it doesn't mean you should abandon your preparation. Patience is key. Initially, I devoted eight to ten hours daily to studying when I commenced my preparation. However, as I progressed and covered the necessary material, my study hours gradually decreased. During my fifth attempt, I allocated six to seven hours for study sessions. This adjustment was possible because I had already laid a solid foundation of knowledge. Ultimately, I attribute my success solely to hard work and the unwavering support of my family.

How did you cope with failure? What are your thoughts on the stress associated with studying?

Experiencing failure is undoubtedly disheartening. However, I firmly believe that in the realm of

UPSC CSE Success Story

Ashish Kumar Singhal, Rank 8, UPSC CSE 2023

uncertainty surrounding success, failure is equally uncertain. Competitive exams inherently carry the possibility of both outcomes. While anticipating success, one must also be prepared for the prospect of failure. Despite the daunting odds, it's imperative not to let fear deter preparation efforts. Instead, one must persevere and strive to give their best. In moments of doubt following failure, it's essential to reflect on the initial motivations for embarking on the preparation journey. This introspection serves as a source of inspiration, reinforcing determination and resilience in the face of challenges.

Did you consider pursuing an alternative career path before preparing for the UPSC exam?

I pursued both B.Tech and M.Tech degrees at IIT Kharagpur, completing the five-year programme in 2017. Following my studies, I gained employment at a company in Gurgaon, where I worked for a year. However, in June 2018, I decided to appear in UPSC exam. At the onset of my preparation journey, I was resolute in my ambition to become an IAS officer with the alternative option of returning to the corporate sector.

How important is coaching in UPSC preparation?

For general studies, I relied on self-study using available books and supplemented my learning with

online classes when needed. Additionally, I participated in test series to gauge my progress. However, for my optional subject, I sought guidance from a reputed coaching institution. Coaching provides valuable direction, aiding in selecting appropriate study materials and understanding complex topics. While coaching can be beneficial, it's important to note that success can still be achieved through diligent self-study and hard work.

Could you share your experience of the interview process?

My interview took place on 7th March 2024 and was quite lengthy. Throughout the interview, I experienced moments of pressure and nervousness, but I managed to navigate them. The panel predominantly asked questions related to current affairs, with some inquiries related to my optional subject, Sociology. I received a score of 179 in the interview.

Which publications do you recommend for UPSC preparation?

I found The Hindu and Indian Express to be valuable sources of information during my preparation. However, I suggest students select one newspaper to follow consistently. Additionally, I supplemented my knowledge with a monthly magazine for current affairs and explored journals like *Yojana* and *Kurukshetra*.

What are your plans upon joining the service?

Once the training commences, I intend to utilise it effectively. As I transition from a student to a civil servant, my focus will be on personal development and acquiring the necessary skills for the role. I have expressed a preference for the Rajasthan and Madhya Pradesh cadre.

What advice would you offer to aspiring UPSC candidates?

I've observed a trend where students apply for multiple exams without a clear focus. Personally, I believe this approach can be distracting. It's essential to commit to one exam and pursue it diligently with the main goal in mind. Success will follow with dedicated effort.

Innovation in Set Design: Embracing New...

They are historians and anthropologists too. They delve into archives, visit museums, and explore architectural wonders. Whether recreating ancient Lahore, a bustling Rajasthani market place, or a futuristic spaceship, they infuse authenticity into every nook and cranny. The grain of wood, the patina of metal, the choice of fabrics- all tell a story. They do all this within budgets, making artistic choices that align with financial realities. Their resourcefulness transforms humble materials- plywood, foam, paint- into grand illusions. They balance aesthetics with practicality, ensuring that the magic doesn't bankrupt the production.

When the curtain rises, the audience sees the final creation- the majestic ballroom, the quaint cottage, the moonlit forest. But hidden backstage are the set designers, their fingerprints etched into every prop, every backdrop. Their artistry is silent yet profound, shaping the emotional journey of viewers.

Changing Roles and Techniques

Traditionally, set design relied heavily on manual craftsmanship and practical effects to bring imaginary worlds to life. However, with the advent of new technologies and techniques, the landscape of set design is undergoing a remarkable transformation, ushering in an era of boundless creativity and unprecedented possibilities. Set designers now have to adopt these technologies to stay up-to-date in their field. Training and education have also changed to reflect this shift.

Integration of Cutting Edge Technologies: One of the most significant drivers of innovation in set design is the integration of cutting-edge technologies. Advancements in Computer-Generated Imagery (CGI), Augmented Reality (AR), and Virtual Reality (VR) have revolutionised the way designers conceptualise and construct sets. These tools empower creators to visualise intricate designs with unparalleled precision, blurring the lines between reality and imagination. Whether it's conjuring fantastical landscapes or recreating historical epochs with meticulous detail, technology enables designers to transcend the limitations of physical space and delve into uncharted realms of creativity.

Stress on Sustainability: Furthermore, the rise of sustainable practices has prompted set designers to explore eco-friendly materials and construction methods. From recycled materials to renewable resources, sustainability has become a driving force behind the evolution of set design. By embracing environmentally conscious practices, designers not only reduce their ecological footprint but also inspire audiences to reflect on the importance of environmental stewardship.

Harmonising Tradition and Innovation: The fusion of traditional craftsmanship with modern techniques has yielded remarkable results in set design. By combining age-old artisanal skills with state-of-the-art technology, designers can achieve a harmonious blend of authenticity and innovation. Whether it is intricate handcrafted props infused with digital enhancements or immersive stage environments that seamlessly integrate projection mapping, the marriage of tradition and innovation enriches the storytelling experience, captivating audiences in new and captivating ways.

Democratisation of Creativity: In addition to technological advancements, the democratisation of creativity has empowered aspiring designers to explore unconventional approaches and challenge traditional norms. With access to online resources, design software, and collaborative platforms, emerging talents can experiment with ideas, collaborate with peers, and showcase their work to a global audience. This democratisation of design not only fosters diversity and inclusivity but also cultivates a vibrant community of innovators who continually push the boundaries of artistic expression.

How to Become a Set Designer?

Step 1: 10+2 Examination

Your first step towards becoming a set designer is to pass your Higher Secondary examination. Whether you choose arts, commerce, or science, aim for a good score, as it can be competitive to get into the best design colleges.

Step 2: Entrance Exams

You'll need to clear competitive entrance exams to get into a top design college. Here are some key exams to consider:

- Undergraduate Common Entrance Exam for Design (UCEED)
- All India Entrance Examination for Design (AIEED)
- National Institute of Design - Design Aptitude Test (NID-DAT)

- Symbiosis Entrance Exam for Design (SEED)
- Indian Institute of Crafts and Design (IICD) Entrance Exam

Preparing thoroughly for these exams can open doors to prestigious institutions that can shape your design career.

Step 3: Bachelor's Degree

Most production companies prefer set designers with at least a bachelor's degree. Consider enrolling in a four-year Bachelor of Design (B.Des.) programme. Specialisations that can enhance your career include:

- Interior Designing
- Accessory Designing
- Textile Designing
- Fashion Designing
- Jewellery Designing
- Product Designing
- VFX Designing
- Multimedia Designing
- Game Designing
- Graphic Designing
- Visual Communication

These programmes blend creativity with technical skills, providing a solid foundation for your set design career.

Step 4 (Optional): Postgraduate Degree

After gaining your bachelor's degree and some practical experience, consider advancing your skills and knowledge by pursuing a postgraduate degree in art direction and production design. The Film & Television Institute of India, Pune (FTII) and Satyajit Ray Film & Television Institute, Kolkata (SRFTI), offer specialised three-year PG Diploma Course in Art Direction and Production Design.

This course aims to be a globally recognised centre of excellence in education and training, shaping creative professionals who redefine visual storytelling in the film and television industry, as well as across various OTT platforms. The course emphasises hands-on training in various aspects of art direction and production design, with a deep understanding of scripts from a Production Designer's perspective.

Practical sessions include carpentry, painting, moulding, and set construction techniques. The institutes facilitate on-site learning by facilitating tours to shooting locales in order to provide a closer study of set design and construction techniques.

Dedicated classrooms equipped with drafting aids and high-end software, along with sections for carpentry, painting, moulding, costume, and property, ensure that students receive a comprehensive and immersive educational experience.

Spectacular Set Designs Etched in Entertainment History

Mughal-e-Azam (1960): Directed by K. Asif, this classic Indian film is renowned for its grandeur and opulent set design. Art director M. Sadiq meticulously recreated the splendour of the Mughal courts, palaces, and gardens. The film's sets are a visual spectacle, immersing viewers in the regal era of Emperor Akbar and Anarkali.

The Crown (TV Series): This series deserves mention for its historical accuracy and attention to detail. Set designer Martin Childs authentically recreated Buckingham Palace and other historical settings, transporting viewers back in time to Queen Elizabeth II's reign.

Gully Boy (2019): Suzanne Caplan Merwanji's set design for "Gully Boy" captures the vibrant streets of Mumbai. Inspired by real locations in Mumbai's slums, the film's sets bring the hip-hop scene to life, adding authenticity to the underground music culture.

A Suitable Boy (TV Series): Stephanie Carroll's set design in Mira Nair's adaptation authentically captures post-independence India. The series explores diverse locations, from aristocratic mansions to bustling marketplaces, reflecting the then social and cultural fabric of the country.

Inception (2010): The film showcases mind-bending dreamscapes. Set designer Guy Hendrix Dyas crafted intricate details, including the iconic rotating hallway, adding a tangible dimension to Christopher Nolan's vision of dreams within dreams.

Top Colleges and Courses

India has several top-tier institutions that offer robust programmes in this field. Here's a list of the top institutes in India providing you with the education and hands-on experience necessary for a successful career as a set designer.

Film and Television Institute of India (FTII), Pune: Offers a three-year PG Diploma in Art Direction and Production Design with comprehensive hands-on training and theoretical studies.

Satyajit Ray Film and Television Institute (SRFTI), Kolkata: Known for its rigorous programmes and comprehensive training in production design.

National Institute of Design (NID), Ahmedabad: Offers undergraduate and postgraduate programmes in film and video communication and animation film design.

Whistling Woods International, Mumbai: Provides various courses related to film production, including a diploma in production design.

Pearl Academy, Delhi and Mumbai: Focuses on practical learning with a strong emphasis on industry-standard software and real-world projects.

United World Institute of Design (UID), Ahmedabad: Offers a Bachelor of Design, combining theoretical instruction with practical application.

Srishti Manipal Institute of Art, Design and Technology, Bengaluru: Encourages critical thinking and experimentation through its B.Des in human-centered design.

Amity School of Design, Noida: Provides a B.Des in product design, preparing students for both creative and business aspects of the industry.

Raffles Design Institute (RDI), Mumbai: Offers a range of courses in design, focusing on practical skills and industry interaction.

Arch College of Design and Business, Jaipur: Combines practical skills with theoretical knowledge to prepare students for the creative industry.

MIT Institute of Design, Pune: Offers a comprehensive programme in design with a strong emphasis on practical experience and industry exposure.

Indian School of Design and Innovation (ISDI), Mumbai: Provides innovative design programmes with a focus on production design and practical training.

LV Prasad Film and TV Academy, Chennai: Offers courses in various aspects of film production, including production design.

Asian Academy of Film and Television (AAFT), Noida: Known for its diverse range of filmmaking courses, including production design.

Symbiosis Institute of Design (SID), Pune: Offers a B.Des in communication design with an emphasis on practical projects and industry collaboration.

ICAT Design and Media College, Chennai: Known for its hands-on approach and industry-aligned curriculum in design and media.

Finding a Job

World over, most set designers operate as freelancers, taking on projects across a variety of entertainment mediums including plays, musicals, operas, dance shows, advertisements, television shows, and films. While there are some full-time positions available with large theatre companies and film studios, the majority of work is project-based.

Given the freelance nature of the profession, networking and self-promotion are crucial for success. Building a strong professional network can open doors to new projects and collaborations. Here are some tips to help you find work as a set designer in India:

- **Showcase Your Portfolio:** In set design, your portfolio is your calling card. Create a digital portfolio that showcases your artistic abilities, design skills, and creative thinking. Include a variety of works such as:

- Mood boards and narrative introductions
- Paintings and photographs of your designs
- Theoretical insights and research findings
- Miniature of your set ideas
- Positive reviews from academic projects or internships

A strong portfolio can significantly boost your employment prospects, often more than a traditional resume.

- **Internship:** Internships offer invaluable real-world experience. Whether paid or unpaid, an internship lets you work with industry-standard equipment and design software. You'll learn about the set-building process and get a feel for the professional world of set design. Plus, it's a great opportunity to network with directors, producers, and other industry professionals. Impress them with your skills, and you might find job offers coming your way post-internship.

- **Assist Art Director:** Traditionally, in Indian film industry, working under a renowned Art Director will always help you improve your network and clinch orders.

CONDUCT OF UHQ RALLY UNDER AGNIPATH SCHEME FOR AGNIVEER GENERAL DUTY, AGNIVEER TECHNICAL AND AGNIVEER OFFICE ASSISTANT/SKT AT BENGAL ENGINEER GROUP & CENTRE ROORKEE ON 08 JUL 2024 ONWARDS

1. Bengal Engineer Group & Centre will be conducting UHQ Rally under Agnipath Scheme at **Centenary Pavilion Ground, Roorkee**, Bengal Engineer Group and Centre, Roorkee, (**Bhai-Bandh, Relation Bharti**) for sons of Servicemen/ESM/War widows and real brothers of servicemen/ESM for Agniveer GD, Agniveer Technical and Agniveer Office Assistant/SKT. The gate opening timing will be **0430 hrs to 0600 hrs (no candidate will be allowed entry after 0600 hrs)**.

SCHEDULE:-

Ser	Date	States
(a)	08 Jul 2024	Haryana, J&K, Ladakh and Himachal Pradesh
(b)	09 Jul 2024	Uttar Pradesh
(c)	10 Jul 2024	Uttarakhand, Bihar, Rajasthan, Assam, Orissa, West Bengal, Delhi
(d)	11 Jul 2024	Punjab, Karnataka, Andhra Pradesh, Tamilnadu, Madhya Pradesh, Gujarat, Maharashtra and Any balance State/UT of India.
(e)	08 Sep 2024	Common Entrance Examination (CEE)

2. Terms and Conditions :-

- (a) Candidates will be enrolled under Army Act, 1950 for a service duration of Four (04) Years including the training period.
(b) Agniveers enrolled under the Scheme, will not be eligible for any kind of Pension or Gratuity.

3. CATEGORY WISE AGE & EDUCATION CRITERIA:-

S No	Category	Education Qualification	Age
(a)	Agniveer (General Duty) (All Arms)	Class 10 th /Matric pass with 45% marks in aggregate and 33% in each subject. For boards following grading system, minimum D grade (33%-40%) in individual subjects or grades with 33% in individual subjects and overall aggregate in C2' grade or equivalent corresponding to 45% in aggregate. Note Candidate with valid Light Motor Vehicle (LMV) Driving License will be given preference for Driver Requirements.	17 ½ - 21 yrs (01 Oct 2003 01 Apr 2007)
(b)	Agniveer (Technical) (All Arms)	10+2/ Intermediate Exam pass in Science with Physics, Chemistry, Maths and English with min 50% marks in aggregate and 40% in each subject. OR 10+2/ Intermediate Exam pass in Science with Physics, Chemistry, Maths & English from any recognized State Edn Bd or Central Edn Bd to incl NIOS and ITI course of min one yr in required field with NSQF level 4 or above. OR 10 th / Matric pass with 50% in aggregate and min 40% in English, Maths and Science with 02 yrs of Technical Training from ITI or two / three yrs Diploma from recognized educational institution incl polytechnics, in following streams/ trades only :- (i) Electrician (ii) Fitter (iii) Draughtsman (All types) (iv) Surveyor (v) Geo Informatics Assistant.	17 ½ - 21 yrs (01 Oct 2003 01 Apr 2007)
(c)	Agniveer (Office Assistant/ Store Keeper Technical)	10+2 / Intermediate Exam Pass in any stream (Arts, Commerce, Science) with 60% marks in aggregate and minimum 50% in each subject. Securing 50% in English and Maths/ Accts/ Book keeping in CI XII is mandatory.	17 ½ - 21 yrs (01 Oct 2003 01 Apr 2007)

4. FOLLOWING DOCUMENTS ARE MANDATORY TO ATTEND THE RECT RALLY.

- (a) Relationship Certificate/Discharge book issued by concerned Record Office in original for wards of serving/ Ex-Servicemen.
(b) Educational documents, Domicile Certificate, affidavit, NCC Cert (If applicable), Caste Cert, School/ Sarpanch Character Cert, Unmarried Certificate.
5. Candidates will produce all the relevant documents/ certificates mentioned at para 3 of Rally Notification No. 1763/ Rally 172/ Rtg dt 18 May 2024.
6. If candidates fail to provide the relevant documents/ certificates essential for UHQ enrolment, they will not be allowed to participate in the recruitment rally.
7. For any queries, contact Helpline Number of this office **01332-275652**.

Note: Rally Notification will be obtained from Rtg Office, All Maj/ Min units of BEG, State Sainik Welfare Office, Area HQ and All Trg Centres of Army.

A Govt. of India Enterprise
Ministry of Defence

**ADVERTISEMENT FOR ENGAGEMENT OF BUSINESS PROCESS DOMAIN EXPERT- FINANCE ON FIXED TERM CONTRACT
(ADVT. NO. MIL/01/2024)**

Munitions India Limited (MIL), is a Defence Public Sector Undertaking under Ministry of Defence, Government of India, with its Corporate Office at Pune. It was incorporated on 17.08.2021, formed by transferring 12 production units and 3 non production units of erstwhile Ordnance Factory Board. MIL possess vast core competency, resources, strength and expertise in manufacturing ammunition and explosives and is the market leader in this segment in the country.

MIL would like to engage **01 (one) Business Processes Domain Expert - Finance** for a period of 02 (Two) Years (extendable by one more year), who wish to pursue his/her career in the Company. Superannuated candidates having minimum 10 Years' experience in PSUs in Finance & Accounts are eligible to apply. Candidates with experience in implementing ERP in Finance Domain will be preferred. The engagement is purely Temporary/Contractual and on Fixed Term

Basis and not against any permanent vacancy. This engagement will not give the candidate any claim for regular/permanent employment in the Company.

Interested candidates may download the detailed advertisement and application form from MIL website (munitionsindia.in).

- Screening of the applications will be carried out by a duly constituted Screening Committee and the shortlisted candidates will be interviewed through Interview as mentioned for which date will be intimated to shortlisted candidates. The candidates should possess an active/valid email ID till the selection process is completed. Canvassing in any form will result in disqualification of candidature.
- Selection Procedure:**
 - Eligible candidates will be allowed to appear for interview based on qualifying criteria.
 - GATE paper and subjects of qualifying degree must be related to the subjects/ discipline against which the candidate is applying.
 - Working experience in the subject area will be preferred.
- The marks obtained in qualifying exam are to be mentioned in percentage. In case of CGPA/CPI, candidates are requested to convert the CGPA/CPI into percentage as per their university/ institute norms. Candidate must submit the supporting documents for converting CGPA/CPI to equivalent percentage (%) from concerned University.
- The admission shall be entirely at the discretion of the Selection Committee of the Laboratory which may refuse to admit any candidate without assigning any reason thereof.
- The Director DEBEL, Bengaluru reserves the right to not to select any candidate, if suitable candidates are not available, amend/modify/cancel this advertisement and also to cancel the admission/selection at any time without assigning any reason thereof.
- Actual number of vacancies may vary as per Organisational requirement.
- Candidates working in Government Departments / Public Sector Undertaking/ Autonomous Bodies should apply through proper channel and will be required to produce NOC at the time of interview.
- Antecedents of candidate will be verified again at the time of joining, if selected. It may be noted that offer of Fellowship does not confer on Fellows any right for absorption in DRDO.
- The selected candidate(s) may be allowed to register for Ph.D. as per extant regulations with any recognized University/ Institution during the tenure of fellowship.
- Candidates will be required to produce all the documents (copy of their online submitted application, certificates, marks, etc.) related to age, education and community certificate (if applicable) in original during verification and submit self-attested photocopies of the same failing which the candidate will not be allowed to appear for the Interview.
- Candidates should be in possession of a valid Government issued ID card (Aadhaar, Passport, Driving License etc.) during entrance at Aeronautical Development Establishment (ADE) along with two recent passport size photographs at the time of Interview. Candidates shall be allowed entry only through ADE Raman Gate and they are requested to reach early for necessary security check formalities at entry gate. Late comers will not be allowed. Electronic items/mobile phones/pen drive/laptop/CDs are strictly not allowed inside the campus.

- There may be a written test (screening) to shortlist candidates for interview depending on the number of candidates appearing. Also, interview may continue on the next day and candidates are requested to plan accordingly and make their own arrangements for overnight stay (if required).
- Applicants are advised to monitor the DRDO website for any updates/changes.
- No TA/DA will be paid to candidates for attending the interview in person or for joining, if selected.

Government of India
Ministry of Power
Shram Shakti Bhavan, Rafi Marg
New Delhi

Date: 22nd May, 2024

VACANCY CIRCULAR

The Joint Electricity Regulatory Commission (JERC) for UT of J&K and UT of Ladakh has been notified by the Government of India under the provisions of the Electricity Act, 2003, vide notification S.O.1984(E) dated 18.6.2020. The Office of Commission is located at Jammu. The Commission consists of a Chairperson and one Member. The post of Member in the said JERC will fall vacant on 30.06.2024.

2. Appointment to the post of **Member**, JERC for UTs of J&K and Ladakh shall be governed by the relevant provisions of the Electricity Act, 2003 and the Joint Electricity Regulatory Commission for Union Territories except Delhi (Salary, Allowances and other Conditions of Service of Chairperson and Member) Rules, 2007 and as amended from time to time. **Member of JERC of UT of J&K and UT of Ladakh shall be entitled to receive pay, as admissible to Secretary to the Government of India, provided that if the Member is a retired Additional Secretary to the Government of India or equivalent or of any rank below, he shall be entitled to receive the pay as admissible to an Additional Secretary or the pay that an officer of the same rank as his at retirement would draw, whichever is lower.**

3. Hon'ble Supreme Court vide its judgment dated 12.4.2018 in Civil Appeal No. 14697/2015- State of Gujarat & Others vs. Utility Users' Welfare Association & Others, mandates that there should be one person from Law background in the Commission. As per the above judgment of the Supreme Court, a Member of the Commission, shall be a person, who is, or has been holding a judicial office or is a person possessing professional qualifications with substantial experience in the practice of law, who has the requisite qualifications to have been appointed as a Judge of the High Court or a District Judge. Thus, the anticipated vacancy of Member, JERC for UT of J&K and UT of Ladakh is to be filled in light of aforesaid judgment.

4. Member of JERC for UT of J&K and UT of Ladakh shall hold office for a term of five years from the date on which he/ she joins office or attains the age of sixty-five years, whichever is earlier. The candidate will have to give a declaration that he/she does not have any financial or other interest, which is likely to affect prejudicial his/her function as Member of the above JERC.

5. Copies of Joint Electricity Regulatory Commission for Union Territories except Delhi (Salary, Allowances and other Conditions of Service of Chairperson and Member) Rules, 2007 and Joint Electricity Regulatory Commission for Union Territories except Delhi (Salary, Allowances and other Conditions of Service of Chairperson and Members) Amendment Rules, 2021 are available at Ministry's website www.powermin.nic.in

6. Applications are invited in the given proforma at Annexure, from suitable persons having qualification and experience essential for appointment as mentioned in para 3 above, so as to reach this Ministry **latest by 5.30 p.m. on 03.07.2024** addressed to the **Under Secretary (R&R-II), Ministry of Power, 2nd Floor (Room No. 222A), Shram Shakti Bhavan, Rafi Marg, New Delhi - 110001. The application must also be emailed at debranjan.chattopadhyay@nic.in and pbs.dinker@gov.in.**

Subject : Inviting applications for the post of Staff Car Driver Ordinary Grade in various Directorates under CBIC on deputation basis - reg.

Applications are invited for the posts of Staff Car Driver Ordinary Grade, in various Directorates under CCA, DGPM, CBIC, on deputation basis in terms of provision laid down in Recruitment Rules of Staff Car Driver (Ordinary Grade) dated 15.02.2024 of DGPM. Details of post and vacancies are as under:-

Post	Pay Scale	Vacancy	Proposed place of posting depending on vacancies
Staff Car Driver Ordinary Grade	Level - 2 in the Pay Matrix (Rs.19,900-63,200)	Tentative vacancies : (41) for filling on deputation basis. (Exact number of vacancies may vary)	Delhi, Mumbai, Kolkata, Chennai, Bengaluru, Hyderabad, Ahmedabad, Bhopal, Pune, Ludhiana, or any other station where vacancies exist in the Directorates (under CCA, DGPM) spread across the country (a list of stations is being enclosed as "Annexure B")

2. The Directorate General of Performance Management is the Cadre Control Authority in respect of several Group 'B' and 'C' cadres including the above referred post of Staff Car Driver Ordinary Grade in the Directorates (as listed in Annexure-A) (as uploaded on CBIC website www.cbic.gov.in and <https://dgpm.gov.in>) under the Central Board of Indirect Taxes and Customs. The applicant may give the option of 05 Directorates as in {Annexure A} and 03 Stations as in {Annexure B} in order of their preference (as uploaded on CBIC's website- www.cbic.gov.in and <https://dgpm.gov.in>). The options exercised do not guarantee that an applicant will be posted at the said Directorate/ Station.

3. The eligibility criteria (educational qualification, experience, etc.) is listed in Annexure-C (as uploaded on CBIC website- www.cbic.gov.in and <https://dgpm.gov.in>).

The candidates whose applications for the post has been forwarded by the concerned Ministry/ Department/ Organization once received in DGPM then will not be allowed to withdraw their candidature subsequently.

4. The nominations of eligible officers along with all the required documents (Annexure A, B, C, D, E & F) in Hard Copy should reach to the **Additional Director (CCA), DGPM Hqrs., 5th Floor, Drum Shaped Building, I.P. Estate, New Delhi-110002, through proper channel on or before 05.07.2024 (by 5.00 PM).**

5. Applications received after the last date, or applications incomplete in any respect or those not accompanied by the documents/ information as per the advertisement circular will not be considered. **The respective Cadre Controlling Authorities shall certify that the particulars sent by the officers are correct as per the records.**

6. The eligibility criteria and application form are available on www.cbic.gov.in and <https://dgpm.gov.in>. The Recruitment Rules for the post of **Staff Car Driver Ordinary Grade** are also available on <https://dgpm.gov.in/DGPMwebSiteData/CCA/RRs%20-car-driver-directorates-15Feb2024.pdf>

HEALTH

The candidate should have sound health. Before joining, candidates will have to undergo medical examination at any of the NTPC hospitals and the decision will be final and binding. No relaxation in health standards is allowed. Detailed medical norms are available on the website careers.ntpc.co.in

GENERAL CONDITIONS:

- Only Indian Nationals are eligible to apply.
- All qualifications should be from Universities / Institutions recognized and approved in India.
- All computations of age/ experience requirement / qualification shall be done w.r.t. the last date of receipt of online application as mentioned in the advertisement.
- Candidates claiming to belong to any particular category shall necessarily have a valid EWS/ OBC/ SC/ ST/ Disability certificate, as the case may be, from the Competent Authority. Relaxation of age to Ex-Serviceman will be as per Govt. guidelines.
- Depending on the requirement, the Company reserves the right to cancel / restrict / curtail / enlarge the number of vacancies, if need so arises, without any further notice and without assigning any reason thereof.
- In order to restrict the number of candidates to be called for an interview, if so required, the Management reserves the right to conduct online screening/ shortlisting/ selection test or to raise the minimum eligibility standards/ criteria, as per requirement.
- While applying for the post, the applicant should ensure that he / she fulfills the eligibility and other norms mentioned above, as on the specified dates and that the particulars furnished are correct in all respects. In case it is detected at any stage of recruitment that a candidate does not fulfill the eligibility norms and / or that he / she has furnished any incorrect / false information or has suppressed any material fact(s), his/her candidature will stand automatically cancelled. If any of the above shortcoming(s) is / are detected even after appointment his / her services are liable to be terminated without any notice. Canvassing in any form shall disqualify the candidate.
- The mere fact that a candidate has submitted application against the advertisement and apparently fulfilling the criteria as prescribed in the advertisement would not bestow on him/her the right to be definitely called for interview/ considered further for selection process.
- Any proceedings in respect of any matter of claim or dispute arising out of this advertisement and / or an application in response thereto can be instituted only in Delhi and courts / tribunals / forums at Delhi only shall have sole and exclusive jurisdiction to try any such cause / dispute.
- In case any ambiguity/dispute arises on account of interpretation in versions other than English, the English Version will prevail.

HOW TO APPLY

Interested candidates should log on to our website careers.ntpc.co.in or visit careers section at www.ntpc.co.in for applying. No other means/ mode of application shall be accepted. Candidates are required to possess a valid email ID. NTPC will not be responsible for bouncing back of any email sent to the candidate. Candidate belonging to General/EWS/OBC category is required to pay a non-refundable application fee of Rs. 300/-. The SC/ST/PwBD/XSM category & female candidates need not pay the application fee.

Payment in offline mode: State Bank of India has been authorized to collect the application fee, in a specially opened account (A/C No. 30987919993) at CAG branch, New Delhi (Code: 09996), on behalf of NTPC. Candidate has to approach the nearby SBI branch with a printout of the "pay-in-slip" which is available on the application portal. The pay-in-slip printed from the portal should only be used for depositing the fee for proper crediting of amount in the allocated account. On receipt of the money, the bank will issue a unique Journal Number and a Branch Code of the bank collecting the money. This journal number and the branch code are to be filled up by the candidate during online application. NTPC will not be responsible, in case a candidate deposits the fee in wrong account.

Payment in online mode: Candidates also have the option to pay the fees online (through Net banking / Debit Card / Credit Card). The online payment option will be available in the online application form.

Fee once paid will not be refunded under any circumstances. Candidates are therefore requested to verify their eligibility criteria before paying the application fee. After applying online, candidate is required to download the application slip generated by the system with unique application number. Copy of application slip may be retained by the candidate for future reference. No document is required to be sent to us by post.

It is mandatory that eligible candidates go through the full text of the advertisement and agree to all the conditions given, while applying for the post. Any further addendum/corrigendum/updates will only be published on our website.

Commencement of online application: 27.05.2024

Last date for online application: 10.06.2024

3. Shortlisting and selection will be based on the details provided by the candidates; hence applicants must furnish, accurate, full and correct information. Furnishing incomplete, wrong/false information will be a disqualification and MSTC will NOT be responsible for any consequences arising out of furnishing such incomplete/wrong/false information. Further, if any of the documents uploaded are not legible, the application shall be liable to be rejected without any reference to the candidate. Hence candidates are required to ensure optimum resize and check the readability before uploading. If at any stage during the recruitment and selection process or after joining, if selected, it is found that the candidate has furnished false or wrong information, his/her candidature/appointment will be canceled/terminated at any stage.
4. Reimbursement of Second-Class rail fare by the shortest route shall be given to outstation candidates for appearing in the Interview wherever the distance traveled is more than 80 km each way, subject to submitting proof of travel.

G. OTHER INFORMATION

1. Persons working in Govt./Semi-Govt./PSU/Autonomous Body should fill up the Application Form online only against this advertisement on the website of MSTC as given hereunder, take a printout and forward their application through the proper channel, which should reach us within the date stipulated for this purpose, failing which their application will be liable to be rejected. Forwarded applications are to be addressed to the HOD (P&A), MSTC Limited, Plot No. CF-18/2, Street No.175, Action Area 1C, New Town, Kolkata - 700156. No application shall be entertained under any circumstances after the stipulated date. Incomplete applications and applications received after the stipulated date shall be REJECTED.
2. If any document/certificate furnished is in a language other than Hindi or English, a transcript of the same duly attested by a Gazetted officer or notary is to be submitted. Final acceptance of the candidature is subject to subsequent verification of certificates, testimonials, medical fitness, etc. Management reserves the right to cancel/modify the vacancy/recruitment/selection process, if the need arises, without issuing any further notice or assigning any reason thereof.
3. In case of any dispute arising about the admissibility of any particular qualification the decision of the CMD, MSTC Limited shall be final and binding.
4. The candidature at any stage is only provisional hence candidates are advised

to go through the requirements of essential qualification, age, etc., and satisfy themselves that they are eligible for the post. When scrutiny is undertaken, if any claim made in the application is not found to be substantiated, the candidature is liable to be canceled and the decision of MSTC shall be final.

5. Canvassing by a candidate in any form shall disqualify his/her candidature.
6. Any dispute concerning recruitment against the above advertisement will be settled within the jurisdiction of courts in Kolkata only.
7. Submission of more than 1(one) application by a candidate against any of the two posts mentioned in this advertisement will not be considered.

H. HOW TO APPLY

Applications from interested candidates for the above posts will be accepted only through online mode. Only online applications through designated source will be accepted or entertained. The candidates should have valid email ID and mobile no. which should be kept active till the declaration of result for receiving important notifications issued by the company. Candidates applying for the above posts are required to pay a non-refundable application fee of Rs. 590/- (except those belonging to SC/ST/PWD categories). Log on to Careers at www.mstcindia.co.in for full details of the application procedure for all the posts. Fee once paid shall not be refunded under any circumstance nor can the fee be held in reserve for any other examination or selection.

Candidates should take utmost care to furnish the correct details while filling in the on-line application. Documents in support of qualification, experience, CTC/pay document, etc. as stipulated in the advertisement is required to be uploaded during submission of the online application.

Disclaimer

Candidates should refer only to our website for any changes/modifications/addendum/information. In case of any technical problem/clarification, candidates may raise queries using the following link: <https://cgrs.ibps.in/>

No. 33080/SSS/Deputation/DGAFMS/DG-2B
Government of India

Ministry of Defence
New Delhi

Subject: Regarding filling up of vacancies of Senior Store Supdt on deputation/re-employment of Ex-serviceman basis.

It is proposed to fill nine (09) vacancies of **Senior Store Supdt (SSS)** (Group 'B', Non-Gazetted, Non-Ministerial) in the Pay Matrix, Level- 6 (Rs. 35400-112400) in the Armed Forces Medical Stores Depots under DGAFMS.

Deputation:

Officer under the Central Government:-

(a) (i) Holding analogous posts on regular basis in the parent cadre/department; or
(ii) With three years service in the grade rendered after appointment thereto on regular basis in the scale of pay of Rs. 5000-150-8000 or equivalent in the parent cadre/department; and

(b) Possessing the following educational qualification and experience.

Essential:

(i) Diploma in Material Management or any Diploma having Material Management as a subject or Diploma in Pharmacy from a recognised University or Institution or equivalent.

(ii) Three years experience as a Supervisor or Stores preferably in Medical Stores in Hospital or Dispensaries or Drug Manufactures of repute.

Desirable: Experience in Computer or Information Technology.

For Ex-Servicemen:

Note: The Armed Forces Personnel of the rank of Junior Commissioned Officer due to retire or who are to be transferred to reserve within a period of one year and having the requisite experience and qualifications prescribed shall also be considered. Such persons would be given deputation terms upto the date on which they are due for release from the Armed Forces thereafter they may be continued on re-employment. (Re-employment upto the age of superannuation with reference to civil posts).

Note: The suitability of the incumbent in the feeder grade (Rs.5000-8000) with the requisite service shall be considered by the competent authority. In case the individual is considered fit he shall be deemed to have been promoted to the higher grade of Rs.5500-9000. In case he is not considered fit his case will be reviewed every year, till such time, he will continue to hold the post in the lower grade.

Note: The departmental officers in the feeder category who are in the direct line of promotion will not be eligible for consideration for appointment on deputation. Similarly deputationist shall not be eligible for consideration for appointment by promotion. Period of deputation including period of deputation in another ex-cadre post held immediately preceding this appointment in the same or some other Organisation/ Department of the Central Government shall ordinarily not to exceed three years. The maximum age limit for appointment by deputation shall be not exceeding 56 years as on the closing date of the receipt of applications.

2. Terms of Deputation :- The terms and conditions of officer appointed to the post on deputation basis will be regulated in accordance with Dept. of Expenditure OM No. 1/1/008-C dated 13 Sep 2008, DoP&T OM No. 6/8/09 (Estt) (Pay-II) dated 17 Jun 2010 and 17 Feb 2016.

3. The appointment shall be governed by Department of Personnel & Training OM No. 2/22(B)/2008-Estt (Pay-II) dated 03.09.2008 and instruction issued from time to time.

4. The competent authority reserve the right for any amendment like entailment/enhancement of vacancies, cancellation of the advertisement in whole or part thereof without assigning any reason.

5. It is requested that the application (in duplicate) in the given proforma along with the complete and up to date confidential reports/APARs of the officers who could be spared in the event of their selection duly countersigned by the employer may be sent to the **office of the DGAFMS/DG-2B, Ministry of Defence, 'A' Block, 5th Floor, Africa Avenue, New Delhi-110023 within 60 days of the issue of this advertisement.** Applications received after the last date or without the confidential reports or otherwise found incomplete will not be considered. While forwarding the application, it may be verified and certified that the particulars furnished by the applicant are correct and that no disciplinary/vigilance case is pending or contemplated against him/her. The details of major/minor penalties imposed on the applicant during the last 10 years may also be furnished.

CORRIGENDUM

In the Admission Notice issued by us and published on 26th January, 2024 for purpose of publishing the criteria for admission to Master of Science (M.Sc) in Economics at IGIDR (two year programme) commencing from August, 2024, selection of candidates was to be based upon their performance in CUET-PG and an interview. IGIDR has now decided to waive the requirement of interview as part of the selection process for admission to the above course and it may be noted that selection will be done solely on the basis of the candidates' performance in CUET-PG.

10- There will be an exemption of 5% marks in educational qualification for reserve categories (i.e. SC/ST/OBC/PWD). It means the minimum educational qualification will be 45%.
11- Last date-22.07.2024:
The application form along with the duly attested Photostat copies should be reached to "The Principal, North Central Railway College, Tundla, District Firozabad, Pin-283204, (UP)" through registered/speed post only before or on 22.07.2024 till 3:00 PM.
12- The List of Eligible candidates for interview will be displayed on College Notice Board on 03.08.2024.
13- (a) Interview for PGT on 05.08.2024 at 8:30 am
(b) Interview for TGT on 06.08.2024 at 8:30 am
(c) Interview for PRT on 07.08.2024 at 8:30 am
(d) Interview for PRT on 08.08.2024 at 8:30 am
14- If the number of candidates is more, they may be shortlisted through written test before interview.
15- If the no. of applicants exceeds, the interview will be sustained for next day also. So, candidates must arrange their lodging and boarding for more than one day.
16- Before applying, applicants must authenticate the educational qualification and community published in Employment Newspaper and in other newspapers.
Note: (i) No T.A./D.A. will be admissible for attending the interview.
(ii) Applications shall be treated as cancelled if the applications are not in prescribed proforma/not received on time/ incomplete or sent by ordinary post and no correspondence will be entertained in this regard.
Principal
NCR College, Tundla

NORTH CENTRAL RAILWAY COLLEGE TUNDLA (U.P.)
APPLICATION PROFORMA FOR THE TEACHERS ON CONTRACTUAL BASIS 2024
Separate Application should be sent for each Post (S.No., Post & Community must be mentioned at Top-Left side of the Envelope)

Application form with fields for S.No., Community, Name of Candidate, Father's Name, Mobile No., WhatsApp No., Email-ID, Date of Birth, Age, Full Postal Address, Educational & Professional Qualifications (Table), Teaching Experience (Table), and Declaration.

BEST ENTRY FOR

ISSUE DATED 18-24 May 2024

Question: The Council for the Indian School Certificate Examinations has recently integrated its database with DigiLocker whereupon students can now effortlessly access their exam results and certificates with just a tap on their phone screens. Other education boards and exam conducting agencies are gearing up to follow suit. In what ways do you think this tech upgrade will make things easier and more convenient for students?

Abhishek Kumar Singh, Jaipur

The recent integration of the Council for the Indian School Certificate Examinations (CISCE) database with DigiLocker marks a transformative leap in education. Now, students can access their exam results and certificates with a simple tap on their phone screens, revolutionising the way they manage academic records.

Imagine the convenience! No more navigating through piles of paperwork or standing in long queues. With DigiLocker, essential documents are instantly available, streamlining processes like college admissions and job applications. This immediate access can be a lifesaver during high-stress periods.

Security and authenticity are other

major benefits. Each digital certificate is verified and stored securely, minimising risks of loss, damage, or forgery. Students can be confident that their academic records are safe and trustworthy in this digital vault.

This shift also promotes environmental sustainability by reducing the need for printed copies, aligning with eco-friendly practices. It's not just about convenience; it's about contributing to a greener planet.

Furthermore, this move aligns perfectly with the Digital India initiative, encouraging the adoption of digital tools and enhancing digital literacy among students. It prepares them for a future where digital proficiency is essential.

As other education boards and exam-conducting agencies prepare to follow suit, this collective move towards digital integration heralds a new era of efficiency, security, and accessibility in education. This progressive step ensures that students are well-equipped to navigate the modern world with confidence and ease. The future of education is here, and it's digital.

From Pages to Frames ...

the author. Further dismay followed when British censors heavily edited the film, leading Premchand to denounce it as the murder of his work. The film, banned in Mumbai, saw release in Punjab under the title '*Garib Mazdoor*.'

In subsequent years, attempts to adapt Premchand's works, such as '*Navjeevan*' and '*Seva Sadan*' in 1934, and '*Triya Charitra*' in '*Swami*' by A.R. Kardar in 1941, met with little success. Similar disappointments befell adaptations of his novel '*Rangbhoomi*' in 1946. Meanwhile, other literary stalwarts like Upendranath Ashk, Amritlal Nagar, Bhagwati Charan Varma, and Pandey Bechan Sharma ventured into cinema with a 'rebellious' streak. Despite their insights into the medium's demands and constraints, they refrained from directly adapting literary works into films, focusing instead on script writing and dialogue crafting.

The reticence towards literary adaptations persisted even as filmmakers like Kishor Sahu and Kedar Sharma navigated the industry. Sahu, though facilitating opportunities for writers like Ashk and Varma, couldn't translate literary works into successful films, exemplified by the failure of '*Hamlet*.' However, Kedar Sharma's adaptation of Bhagwati Charan Varma's '*Chitralekha*' in 1941 marked a rare triumph. Yet, this success failed to ignite a trend of literary adaptations, as subsequent attempts, like films based on Chandra Dhar Sharma Guleri's '*Usne Kaha Tha*' and Acharya Chatursen Shastri's '*Dharmaputra*', met with failure.

Even acclaimed storytellers like Rajendra Singh Bedi faced disappointment when '*Ek Chadar Maili Si*' was adapted into a film, underscoring the challenges of translating literary brilliance onto the cinematic canvas.

In the aftermath of Premchand's passing, a handful of films were made based on his stories, among which Satyajit Ray's '*Shatranj Ke Khiladi*' stands out as a notable example. Yet, it raises the question: were visionaries like Ray the sole torchbearers capable of translating Hindi literature onto celluloid? Despite Premchand's widespread acclaim across languages, it seemed his literary treasure trove failed to find resonance on the silver screen. Was this due to a dearth of Hindi-speaking filmmakers, or a preference for pilfering foreign storylines over adapting indigenous literature?

By the 1960s, dissent against the neglect of Hindi literary works in cinema reached government corridors. The then Film Finance Corporation even spearheaded productions based on renowned writers' works, albeit to little avail. While these films saw limited releases, their lackluster reception relegated them to obscurity, failing to ignite broader discourse beyond intellectual circles.

The reality is, several factors contributed to the dearth of successful adaptations of Hindi literary works. Literary creation is a deeply personal endeavour, while filmmaking hinges on collaborative interpretations by directors, actors, and cinematographers. Cinema caters to a mass audience, whereas literature often appeals to intellectuals- a disconnect many authors struggled to reconcile.

Since Premchand's era, authors often found themselves sidelined in the film industry, perceived as secondary figures. This disregard disillusioned many, leading to waning interest among contemporary and subsequent generations of writers in cinematic ventures.

Moreover, the financial backers in the film industry typically lacked a vested interest in literature.

Adapting literature for the screen presents its own set of challenges. Directors and producers must grasp the essence of the literary work while navigating market pressures and entertainment demands. Unlike literature, which allows readers to interpret stories through their imagination, filmmakers must convey narratives visually and audibly to resonate with diverse audiences.

Interestingly, Bengali filmmakers succeeded in bridging the gap between authorial sensitivity, market demands, and cinematic adaptation. They not only adapted Bengali literary works for Hindi audiences but also found commercial success in doing so. Films like '*Devdas*,' '*Parineeta*,' and '*Sahib Bibi Aur Ghulam*' exemplify this symbiosis between literature and cinema, proving that when filmmakers align themselves with the author's vision, masterpieces can emerge from the celluloid canvas.

The 1970s marked a turning point in Hindi cinema, where the influence of literary giants like Kamleshwar began to resonate deeply. Despite the prior efforts of figures like Upendranath Ashk and Amritlal Nagar, Kamleshwar emerged as a pivotal force, adept at bridging the language of literature with the cinematic realm. Transitioning from television to the silver screen, his novels '*Ek Sadak Sattawan Galiyan*' and '*Dak Bangla*' were adapted into films, albeit with limited success. However, it was Gulzar's masterful interpretation of Kamleshwar's works in '*Aandhi*' and '*Mousam*' that truly set milestones in Hindi cinema, captivating both audiences and critics alike.

While the 1970s witnessed a surge in Hindi-speaking filmmakers, the era was not without its challenges. Despite notable adaptations like Basu Chatterjee's '*Rajnigandha*,' the emergence of the Angry Young Man persona epitomised by Amitabh Bachchan led to a proliferation of violent and humour-laden narratives, overshadowing the nuanced storytelling of directors like Chatterjee, Hrishikesh Mukherjee, and Gulzar.

Employment News

Question of the Week

As the UPSC CSE prelims draw near, Publications Division's India Reference Annual is an important resource for aspirants. If you've utilised the book for your exam preparation, what are your suggestions on how Publications Division could enrich and refine its content?

Entries may be sent to writetous.en@gmail.com latest by 19/06/2024 in English/Hindi/ Urdu and should be of 200 to 250 words. Entrants must clearly mention their Name, Age, Full Address, Email ID and Contact No. The entry adjudged best will be published in Employment News/Rozgar Samachar issue (dated 29 June - 5 July 2024) and will be eligible for a three-month free subscription of Yojana/ Kurukshetra/ Aikal as per the winner's choice.

Innovation in Set Design ...

- **Freelance Platforms:** Utilise freelance job platforms and specialised industry websites to find potential clients and projects.
- **Social Media and Online Presence:** Actively promote your work on social media channels. Regular updates about your projects can attract potential clients and collaborators.
- **Collaboration with Other Creatives:** Collaborate with directors, costume designers, and other creative professionals on independent projects. This not only expands your network but also enhances your portfolio with diverse work.

Diverse Career Paths for Set Designers

A career as a set designer offers numerous paths for advancement and diversification. Set designers can progress to roles such as senior

designers or art directors, overseeing larger projects and teams. They might also become project managers or even branch out into entrepreneurial ventures as business owners or marketing directors. Additionally, some set designers transition into graphic design roles, becoming freelance designers, senior graphic designers, or creative directors. Others may advance to production-specific roles such as production designers, production managers, or even office managers. There are also opportunities to leverage their skills in roles like artists, property managers, or communications directors. This flexibility allows set designers to explore various creative and managerial positions throughout their careers, continually expanding their skill set and professional horizons.

Amidst this cinematic landscape, the allure of copying foreign entertainers loomed large, relegating literary adaptations to niche art films that struggled to resonate with wider audiences. However, the dawn of experimentation towards the decade's end heralded a new era in Hindi cinema, albeit one where literary works were sidelined.

Fast forward to the present, and Indian cinema has undergone a profound transformation, with a myriad of themes and genres finding expression on screen. While a new generation of Hindi-speaking filmmakers is beginning to explore the nuances of literary adaptations, the current *zeitgeist* favours journalistic narratives and biographical tales. However, the winds of change may soon usher in a resurgence of literary adaptations, albeit not necessarily limited to Hindi literature.

Nevertheless, from mythological narratives in the silent era to the golden age of literary adaptations, Hindi cinema has evolved through myriad phases, weaving tales from diverse languages and cultures into its rich tapestry.

Indeed, the contributions of literary luminaries like Gulshan Nanda and Sharatchandra Chattopadhyay have left an indelible mark on Hindi cinema, with timeless classics like '*Kati Patang*' and '*Parineeta*' enduring through generations. Similarly, the wealth of Bengali literature, epitomised by Tagore's '*Devdas*' and '*Kabuliwala*,' has found resonance on the silver screen, transcending linguistic boundaries.

Across Marathi, Gujarati, Tamil and Punjabi literature too, cinematic adaptations have brought tales of love, history, and societal upheaval to life, enriching the cinematic landscape with their cultural depth and resonance. Tamil classic epic '*Ponniyin Selvan*' was adapted by Mani Ratnam into a spectacular film in two parts, and simultaneously released in 5 languages including Hindi. '*Ponniyin Selvan*' is written by famous writer Kalki Krishnamurthy. '*Ponniyin Selvan*' novel is a historical fiction written as a series in a magazine from 1950 to 1954 and later integrated into five volumes. The film has transcended language barriers and established itself as one of the most meticulously crafted cinematic adaptation of literature.

Yet, as the industry grapples with commercial imperatives, the balance between literary heritage and market demands remains precarious, with only a handful of filmmakers daring to champion the cause of literary adaptations in a landscape dominated by star power and spectacle.

Hurry up!!
Limited seats available.
Don't wait for last date.

GET WORLD CLASS TRAINING & BE FUTURE READY...

Global Skills Park is a flagship initiative of Department of Technical Education, Skill Development & Employment, Government of Madhya Pradesh with financial assistance of Asian Development Bank and technical support of ITEES Singapore, IIT Delhi and Rashtriya Raksha University Gandhinagar. It is the first, multi-skills park in India, which will introduce technology-oriented skill courses and impart advanced job-ready skills training of international standards.

Salient features

- State of the art infrastructure
- International Course design, Curriculum, Equipment as per ITEES-Singapore
- Competency-based Skill Training
- Limited hostel facility for male and female on need basis will be available from October 2024 onwards
- Strong Industry Linkages
- 98% placement in ongoing PE course
- Life Skills Training and On the Job Training
- Exposure to Foreign Languages
- Scholarship under MMJKY or post metric scheme

One-year courses for 2024 Session:

Advanced Automotive Technology

Advanced Mechanical Technology

Advanced Mechatronics

Advanced Mechanical & Electrical Services

- Passed ITI/Diploma/Degree in relevant stream
- Admission on merit basis
- Final year students who can give examination results by 6th July 2024 are eligible for admission
- For details, please visit www.globalskillspark.in

Seats: 120 in each course

(5% for international students, 20% for students of other states and 75% for MP domicile students)

Reservation for SC/ST/OBC candidates

as per MP Government norms.
30% reservation for women in each category

Job Assistance at National and International Level

Last date to apply for admission - 15th June 2024

INTERESTED CANDIDATES PLEASE APPLY ON <https://admissions.globalskillspark.in>

CRP RRBs XIII

COMMON RECRUITMENT PROCESS FOR RECRUITMENT OF OFFICERS (SCALE-I, II & III) AND OFFICE ASSISTANTS (MULTIPURPOSE) IN REGIONAL RURAL BANKS (RRBs)

Website: www.ibps.in

In case of queries / complaints please log in to <http://cgrs.ibps.in>

The online examinations for the upcoming Common Recruitment Process for RRBs (CRP RRBs XIII) for recruitment of Group "A"- Officers (Scale-I, II & III) and Group "B"- Office Assistants (Multipurpose) will be conducted by the Institute of Banking Personnel Selection (IBPS) as per the tentative schedule provided below. The interviews for recruitment of Group "A"- Officers (Scale-I, II & III) under the same process will be coordinated by the Nodal Regional Rural Banks with the assistance of NABARD and IBPS in consultation with appropriate authority tentatively scheduled in the month of November, 2024.

Candidates, intending to apply for CRP RRBs - XIII should ensure that they fulfil the minimum eligibility criteria on the stipulated date as specified in the detailed notification issued and hosted on authorised website by IBPS.

Activity	Tentative Dates
Online registration including Edit/Modification of Application & Payment of Application Fees/Intimation Charges	07.06.2024 to 27.06.2024
Conduct of Pre-Exam Training (PET) ●	22.07.2024 to 27.07.2024
Online Examination - Preliminary	August, 2024
Result of Online exam - Preliminary	August/ September, 2024
Online Examination - Main / Single	September/ October, 2024

● PET may be conducted either in Online Mode or Physical Mode.

Candidates are advised to regularly visit the authorised IBPS website www.ibps.in for details and updates.

Before registering online, candidates are advised to read the detailed notification carefully and follow the instructions mentioned therein.

Date: 07.06.2024

Understanding the Heatwave Havoc

EN EXPLAINS

As the summer season unfolds, relentless heatwaves have swept across several regions of India, surpassing initial forecasts and lasting longer than anticipated. The toll has been severe, with over 50 casualties reported, predominantly in Bihar, Odisha, Jharkhand, Rajasthan, and Uttar Pradesh. In these areas, temperatures have soared above 45 degrees Celsius, exacerbating the discomfort and posing significant challenges to daily life.

As these scorching temperatures persist, the gradual onset of the monsoon offers a glimmer of relief. However, attention remains firmly fixed on addressing the aftermath of the heatwave and preparing for the impending monsoon season. It is imperative to focus efforts on mitigating the impact of extreme heat on communities across affected regions and ensuring their well-being.

Defined by the India Meteorological Department (IMD), a heatwave is characterised by maximum temperatures of at least 40 degrees Celsius in the plains and 30 degrees Celsius in hill districts. Beyond the immediate discomfort it brings, a heatwave presents multifaceted challenges across various sectors of the economy.

Let's delve into the diverse implications of heatwaves from various perspectives to gain a comprehensive understanding of their effects.

Peak Power Demand

India's peak power demand surged to a new record of 250 GW on May 30, as much of northern India grappled with severe heatwave conditions. The national capital, New Delhi, recorded scorching temperatures with a maximum of 45.6 degrees Celsius, significantly above normal. Such extreme heatwave conditions lead to a surge in the use of cooling appliances, driving up power demand.

The northern region, particularly affected by the heatwave, saw its power demand reach an all-time high of 86.7 GW. Similarly, the western region also touched a record demand of 74.8 GW, highlighting the widespread impact of the heatwave on power consumption.

Thermal power generation, especially during non-solar hours, reached an all-time high of 176 GW. To cope with the rising demand, the government has mandated imported coal-based plants to operate at its full capacity till September 2024. Additionally, the mandate to blend 6% imported coal by all domestic coal-based plants has been extended to meet the surge in demand.

The country is expected to witness a peak demand of up to 260 GW during the ongoing summers, further emphasising the need for capacity addition in thermal power plants and full utilisation of gas-based power plants.

Heatwaves adversely affect the efficiency of power generation sources, particularly solar and wind. Solar panel efficiency decreases with rising temperatures, resulting in lower electricity generation. Similarly, wind turbine efficiency is also impacted, leading to reduced output. Gas-based generation also faces challenges as increased air temperature leads to derating effects, reducing capacity and efficiency.

The thermal capacity of transmission lines decreases in higher ambient temperatures, increasing the risk of tripping. Sagging of transmission lines becomes more pronounced, leading to potential outages. Maintenance requirements escalate during heat waves, posing logistical challenges for repair.

Water Woes

Amidst the scorching heatwave, water shortages have become increasingly dire, leading to distressing scenes of animals collapsing and people scrambling for access to water, prompting drastic measures from both individuals and authorities.

Gendered Implications

In the scorching heat of Indian summers, the ramifications of heatwaves and water scarcity are far from gender-neutral. Women and girls across the country bear a disproportionate burden of these climatic challenges, amplifying existing gender disparities in health, economic opportunity, and educational access. As water reservoir levels plummet to alarming lows and temperatures soar, the vulnerability of women becomes increasingly evident.

Traditionally assigned roles exacerbate women's susceptibility during heatwaves, with tasks like water fetching and outdoor agricultural labour adding to their physical strain. The United Nations Human Rights report highlights that women spend up to four hours daily on water-related tasks, exposing them to heightened health risks. Pregnant and elderly women face even greater dangers, with heat stress leading to complications like pre-term labour and increased stillbirth rates.

Economically, women, especially those engaged in agriculture and informal sectors, bear the brunt of heatwaves and water crises. Agriculture, a sector predominantly reliant on female labour, suffers from diminished yields and loss of biodiversity, threatening the livelihoods of rural women. Additionally, women's indoor refuge offers little respite as inadequate cooling mechanisms further reduce their work capacity, widening the existing income gap.

To address these challenges, comprehensive strategies prioritising women's well-being and empowerment are imperative. Promoting women's leadership in decision-making processes, implementing gender-responsive policies, and enhancing access to resources are crucial steps forward. Moreover, collecting sex-disaggregated data and fostering climate-resilient agricultural practices can equip women with the tools to adapt to changing environmental conditions.

As temperatures surge, so does the demand for water. This surge in demand coincides with reduced water supply, as heatwaves often accompany droughts and erratic rainfall patterns, leading to dwindling river flows, depleted groundwater reserves, and the drying up of lakes and reservoirs. This dual impact of increased demand and reduced supply amplifies the challenges, straining existing water infrastructure, threatening crop yields, disrupting ecosystems, and exacerbating mental and physical health concerns. From strained infrastructure to environmental degradation, the ripple effects of heatwaves on water availability are far-reaching and urgent.

Agricultural Anguish

Heatwaves exert profound effects on India's agriculture sector, impacting crop production, livestock, and overall agricultural productivity. High temperatures and intense sunlight during heatwaves induce heat stress in crops, leading to reduced yields, water stress, and increased susceptibility to pests and diseases. Soil moisture depletion and drought conditions further compound crop health issues. Livestock experience heat stress, resulting in reduced feed intake, lower milk production, and higher mortality rates. These challenges threaten rural livelihoods, exacerbating income losses, food insecurity, and vulnerability among farming households.

Inflation and Loss of Livelihood

The economic impact of heatwaves in India is multifaceted and far-reaching. Lower water reservoir levels due to prolonged heatwaves severely impact access to drinking water and agricultural activities, particularly fodder cultivation, horticulture, and vegetable production. The resulting decrease in agricultural output has the potential to drive up food prices, leading to inflationary pressures that could affect monetary policy. Rise in food prices, especially vegetables, strain household budgets. The scorching temperatures also necessitate halting construction activity during peak heat hours, causing disruptions in occupational structures.

Health Risks

Heatwaves pose significant health risks to individuals, particularly vulnerable populations such as the elderly, children, pregnant women, and those with pre-existing health conditions. Some of the

primary health risks associated with heatwaves include:

Heat Exhaustion: Prolonged exposure to high temperatures can lead to heat exhaustion, characterised by symptoms such as heavy sweating, weakness, dizziness, nausea, headache, and fainting. If left untreated, heat exhaustion can progress to heatstroke.

Heatstroke: Heatstroke is a life-threatening condition that occurs when the body's temperature regulation system fails, and the body temperature rises to dangerously high levels (above 40°C or 104°F). Symptoms include confusion, rapid heartbeat, hot and dry skin (absence of sweating), unconsciousness, and seizures. Heatstroke requires immediate medical attention as it can result in organ damage and even death if not treated promptly.

Dehydration: High temperatures and excessive sweating can lead to dehydration, where the body loses more fluids than it takes in. Dehydration can cause symptoms such as thirst, dry mouth, dark-coloured urine, fatigue, and dizziness. Severe dehydration can lead to electrolyte imbalances and organ failure if not addressed.

Respiratory Issues: Heatwaves can worsen air quality, leading to increased concentrations of pollutants such as ozone and particulate matter. Breathing in polluted air during a heatwave can exacerbate respiratory conditions such as asthma, chronic obstructive pulmonary disease (COPD), and bronchitis, leading to breathing difficulties and exacerbation of symptoms.

Cardiovascular Problems: Heatwaves can strain the cardiovascular system, leading to an increased risk of heart attacks, strokes, and other cardiovascular events, especially in individuals with pre-existing heart conditions. High temperatures can cause blood vessels to dilate, leading to decreased blood pressure and increased heart rate, which can put additional stress on the heart.

Mental Health Issues: Heatwaves can also have adverse effects on mental health, leading to increased stress, anxiety, irritability, and even heat-related psychosis or delirium, particularly in vulnerable populations.

News Digest

NATIONAL

■ NSDC and ILO Join Forces to Boost Skill Development, Lifelong Learning

The National Skill Development Corporation (NSDC) under the Ministry of Skill Development & Entrepreneurship (MSDE) and the International Labour Organization (ILO) have announced a strategic partnership aimed at empowering individuals globally by equipping them with essential competencies and qualifications, enhancing employability and sustainable economic growth. A key component of the partnership is the implementation of the Skill India Digital Hub (SIDH), which aims to streamline skill development initiatives, making them more efficient, accessible, and impactful globally. The collaboration prioritises quality apprenticeships, work-based learning, and sustainable enterprise development, aiming to align skill development initiatives with industry demands. By focusing on data-driven approaches and innovative learning programmes, NSDC and ILO strive to ensure that skill development remains relevant and accessible to all segments of society.

■ India's Second Privately Built Rocket Successfully Launched

In a momentous occasion for India's burgeoning private space industry, IIT Madras' startup Agnikul Cosmos achieved a historic feat with the successful launch of Agnibaan, marking the nation's second privately built rocket to reach the skies. The rocket was launched using the world's first single piece 3D printed engine. Despite encountering technical hurdles leading to four previous postponements, Agnibaan finally took flight from India's sole private launchpad at the Satish Dhawan Space Centre, Sriharikota. With its ability to carry payloads of up to 300 kg into orbit, Agnibaan exemplifies India's dedication to space exploration and satellite deployment.

■ Retirement Gratuity and Death Gratuity Enhanced for Central Govt. Employees

The maximum limit of retirement gratuity and death gratuity of the central government employees has been revised by the government from Rs 20 lakh to 25 lakh. The Ministry of Personnel, Public Grievances and Pensions has issued an official memorandum in this regard. It said, the revised limit will come into effect from January 1, 2024.

■ CCRAS Launches 'PRAGATI- 2024' Initiative to Shape Ayurveda's Future

The Central Council for Research in Ayurvedic Sciences (CCRAS) introduced "PRAGATI- 2024" (Pharma Research in Ayur Gyan and Techno Innovation), a collaborative initiative set to reshape the Ayurvedic landscape. The platform seeks to forge alliances between CCRAS and the Ayurveda drug industry, tapping into untapped research avenues and propelling sectoral growth. Acknowledging the global surge in Ayush products, CCRAS's has expressed commitment to broaden scholarships and research outreach. The initiative is expected to foster alignment between research and industry, facilitating the development of research-driven, high-quality Ayurvedic products to drive societal benefit.

■ Big Win for India as WIPO Treaty Ensures Protection for Traditional Knowledge

Members of the World Intellectual Property Organization (WIPO) have signed a treaty aimed at bridging conflicting paradigms within the IP system by ensuring that countries that provide genetic resources and associated traditional knowledge are recognised and compensated. It will also create a more inclusive IP system that responds to the needs of all countries and their communities. The treaty being hailed as a big win for the Global South, requires patent applicants to disclose the country of origin or source of genetic resources if the claimed invention is based on those materials or associated traditional knowledge. India is set to gain from this treaty as it will provide additional protection for Indian genetic resources and traditional knowledge, which are prone to misappropriation in countries that do not have disclosure obligations. After two decades of negotiations, the treaty was adopted by consensus among more than 150 countries.

■ Major Radhika Sen Named UN Military Gender Advocate of the Year

Major Radhika Sen, an Indian peacekeeper stationed in the Democratic Republic of the Congo (DRC), has been honoured as the United Nations Military Gender Advocate of the Year for 2023. Her exceptional service and dedication to empowering local communities, particularly women and girls, during her deployment from March 2023 to April 2024, earned her this prestigious accolade. As Commander of the Engagement Platoon for the Indian Rapid Deployment Battalion under the UN

peacekeeping mission MONUSCO in eastern DRC, Major Sen spearheaded the establishment of Community Alert Networks. These networks provided a platform for community members, including women, youth, and leaders, to voice security and humanitarian concerns, which Major Sen and her MONUSCO colleagues actively addressed.

■ India Assumes Chair of Colombo Process for 2024-26

India has assumed the chair of the Colombo Process, a regional consultative forum comprising 12 member states of Asia, for the first time since its establishment in 2003. The Colombo Process focuses on promoting safe, orderly, and legal migration, addressing key issues surrounding migrant worker origin countries from South and Southeast Asia. India's leadership during the 2024-26 tenure is expected to steer the forum towards meaningful collaborations and initiatives aimed at facilitating a more efficient and secure migration framework in the region.

■ RBI Introduces PRAVAAH Portal, Retail Direct App, and Fintech Repository for Public Access

The Reserve Bank of India (RBI) has rolled out three significant initiatives to bolster public access and streamline processes: the PRAVAAH portal, the Retail Direct Mobile App, and a Fintech Repository. The PRAVAAH (Platform for Regulatory Application, Validation, and Authorisation) portal serves as a centralised platform for individuals seeking authorisations, licenses, or regulatory approvals by providing a

single point of contact for applicants, enhancing the efficiency of regulatory processes. The Retail Direct Mobile App enables retail investors to conveniently access the Retail Direct platform for transactions in government securities (G-Secs). Moreover, the Fintech Repository serves as a comprehensive database containing information on the Indian fintech sector. It aims to offer insights into the sector from a regulatory perspective and aid in the formulation of appropriate policy approaches.

■ Indian Chess Prodigy Praggnanandhaa Defeats World No. 1 Magnus Carlsen in Norway Chess 2024 Classical Event

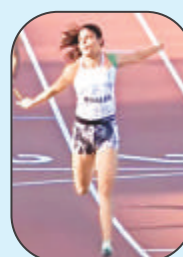

In a remarkable feat, Indian chess prodigy Praggnanandhaa achieved a historic victory by toppling World No. 1 Magnus Carlsen for the first time in a Classical event. The 18-year-old sensation, playing with the White pieces, secured the win in the 3rd round of Norway Chess 2024. Praggnanandhaa gained an early advantage from the opening moves and capitalised on it to clinch the victory. With this triumph, Praggnanandhaa now claims the sole lead with 5.5 points in the prestigious event.

■ Dipa Karmakar Secures First-Ever Gold for India at Asian Gymnastics Championship

Dipa Karmakar etched her name in the annals of Indian sports history by clinching India's first ever gold medal at the Asian Championships in Tashkent, Uzbekistan. The 30-year-old gymnast achieved an average score of 13.566 in the women's vault final. She previously made history as the first female gymnast from India to compete in the Olympics, where she astounded audiences with her fourth-place finish in the women's vault at Rio 2016. Additionally, Dipa secured India's maiden gold medal at an international gymnastics event by triumphing in the women's vault at the 2018 FIG World Cup in Mersin, Turkey.

■ Para Athlete Simran Sharma Strikes Gold at World Championships in Japan

Simran Sharma has emerged victorious at the World Para Athletics Championships in Kobe, Japan, clinching a gold medal in the women's 200m T12 event. Sharma showcased her prowess by clocking a personal best time of 24.95 seconds on the final day of the competition. Sharma's stellar achievement contributed to India's remarkable performance in the championships, where the country secured a total of 17 medals, including six golds. With this feat, India ascended to the sixth position in the overall standings.

■ Indian Arm Wrestlers Bag Seven Medals at Asian Championship 2024 in Tashkent

The Indian arm wrestling contingent showcased their prowess at the Asian Championship 2024 in Tashkent, Uzbekistan, securing a total of seven medals, including one gold and six bronze. Shrimant Jha emerged as the standout performer for India, clinching gold in the left-hand para category and bronze in the right-hand para category. In the Masters category, Laxman Singh Bhandari claimed two bronze medals, while Sachin Goyal seized bronze in the competitive right-hand Senior category. Adding to India's tally, Ibi Lollen from Arunachal Pradesh secured bronze medals in both the Women's Right and Left-hand categories.
