# Shaping India's Future A Vision for 2047 and Beyond

Rakesh Kumar Pal

As India prepares to celebrate its 78th Independence Day on August 15, 2024, the nation finds itself at a pivotal moment where the pull of the future intersects with the reality of the present. Humanity's enduring curiosity about what lies ahead has always driven a quest to understand and influence the course of events. India embodies this spirit profoundly, where the ancient quest for knowledge and innovation remains as vibrant as ever. Historical figures like Aryabhata, Sushruta, and Dhanvantari left an indelible mark on their times with their groundbreaking contributions in astronomy, medicine, and science. Their work, supported by enlightened patrons, not only addressed the challenges of their eras but also set the stage for future generations. As India reflects on its journey from a period of colonial struggle to its current status as a dynamic and forward-looking nation, it continues to draw inspiration from its rich legacy of intellectual and scientific pursuit,

charting a course that bridges past achievements with future ambitions.

## Vision India @2047

The year 2047 will undoubtedly be a landmark year, marking the 100th anniversary of the country's independence from British rule. This milestone will not only be a significant commemoration but will also test the nation's collective resolve to address enduring issues such as poverty, inequality, and disparities in economic and technological advancement. With over a billion citizens expected to navigate these challenges by 2047, the Government of India is preparing to introduce a range of initiatives aimed at eliminating economic disparities, addressing citizens' grievances with government services, developing an effective judicial system, ensuring a fully accountable bureaucracy, and fostering a political environment free of nepotism and dynastic influence. Addressing these challenges will require a comprehensive set of measures that the government must undertake. Some of these measures might include:

## Economic Prowess:

The renowned statesman Chanakya had rightly defined "Economics is the most important aspect as it provides the basis for human existence and survival." A person is judged on the basis of his/her character, but a nation is judged on the basis of its economic arsenal. After watching closely the progress of the Indian economy, especially post-COVID, foreign investors are, for the first time experiencing 'Fear Of Missing Out' ruing the missed opportunities. When the global economy was finding it difficult to sail through the twin global crises-the Russia-Ukraine war and the conflict in Gaza, India tactfully maintained equidistance from both the issues and even overturned western outreach on more than one occasions to shun oil diplomacy with the Kremlin. Keeping its national interests above all, India not only hard-bargained for the Russian oil but also maintained upright relations with the Ukraine and Arab nations as well as with the Israel. This approach proved to be a masterstroke, as India has

demonstrated that, if necessary, it will prioritise a nation-first approach over yielding to international pressures.

Moreover, through the successful conduct of the G20 Summit, India has signaled with élan that when it comes to showcasing the brilliance of the country, it is second to none. The world is slowly acquiescing to the China+1 policy for which India has been canvassing for long. Slowly but smartly, India is maneuvering its resources to raise the current the \$2500 per capita income to \$13000 for its citizens to qualify for the definition of a developed country by 2047 and make it at least a \$30 trillion economy. At the same time, the nation must remain careful of the unemployment rate which has, in the past, dented the country's economic resolve. In order to maintain a sustained rate of growth, India must strategise to strengthen international economic partnerships, coupled with a commitment to open and fair trade practices under the long-term goal of global economic

## Defence Budget 2024-25

# Packing a Punch with Every Rupee

Ravi Gupta

The Union Budget presented in Parliament on July 23, 2024, prioritises the nation's security, development, economic growth, and job creation, with a particular emphasis on the defence budget. The defence services (that include our Armed Forces, DPSUs, Defence R&D and other defence related organisations) - the world's single largest employer together with the railways (the second largest employer in India) and infrastructure development pro-grammes (yet another mega employment generator) have received a lion's share in the budget. These sectors are among the most powerful growth engines of the economy and strong contributors to India's strategic autonomy.

The defence budget covers the requirements of the Department of Defence (DoD), the Department of Military Affairs (DMA), the Department of Defence Production (DDP) that includes the Defence Public Sector Undertakings (DPSUs), the Department of Defence Research and Development (DDR&D) that includes the Defence Research and Development Organisation (DRDO), the Aeronautical Development Agency (ADA) and the Department of Ex Services Welfare.

## Shot in the Arm for Security Growth and Employment

The defence sector has received the highest budgetary allocation of Rs. 6,21,940.85 crores (including Rs. 1,41,205 crores for pensions), being

12.9% of the total expenditure budget of the current financial year. An even bigger increase in the defence budget was in fact expected in view of existing and potentially emerging threats to our national security. Both the historical rivals - China and Pakistan - have significantly increased their defence spendings even as they face internal unrest and economic crisis. Ongoing conflicts in the Middle East and Europe are already turning more and more intense even as the Indo-Pacific region continues to remain tense. The economic and strategic importance of the Indian Ocean Region has been consistently rising with our country emerging as the guardian and main peacekeeper in the region. Thus, the quantum of threat has been increasing in

terms of both intensity and envelope. More so as India, already the fifth largest economy of the world, is on track to soon becoming a seven trillion dollar economy and the third largest in the world. Even a cursory look at our history of the past 25 centuries indicates our prosperity has been attracting foreign invaders. Whenever we failed to match our military strength with our prosperity, we had to pay a heavy price.

However, this highest budgetary allocation till date, when viewed in perspective of overall national budget and in the backdrop of rapidly enhancing *Aatmanirbharta*, turns out a shot in the arm for national security, growth and employment generation.

# Budget 2024-25: Transforming Education, Employment & Skilling Sector

**Dr. Rajesh Kumar**

The Union Budget 2024-25 has introduced an ambitious Prime Minister's package featuring five major schemes designed to enhance employment and skill development. Over the next five years, these initiatives aim to support 4.1 crore young people, with a total allocation of Rs. 2 lakh crore. Further, the budget has specifically allocated Rs. 1.48 lakh crore to transform the education, employment and skilling sector. After the Finance Minister Smt. Nirmala Sitharaman presented the Budget in Parliament, Minister of Education Shri Dharmendra Pradhan emphasised that the government's priorities are education, skill development, job creation, research and innovation. He described these priorities as a people-centric, growth-oriented, inclusive and progressive approach. He also highlighted that school and higher education, along with employment and skill development, are of paramount importance. These factors will play a crucial role in guiding India towards becoming a 'Viksit Bharat' by 2047.

**School Education:** The National Education Policy (NEP) 2020 emphasises that education should foster core values and principles through a range of skills. This includes foundational skills like literacy and numeracy, as well as higher-order skills such as critical thinking and problem-solving. Additionally, it highlights the importance of social and emotional skills, including cultural awareness, empathy, teamwork, leadership and communication. The policy framework underscores the need to establish a strong foundation for students at the school level, which is crucial for their lifelong development.

Recognising the crucial role of school education, the Government of India has allocated a record Rs. 73,498 crore to the Department of School Education and Literacy in this budget. This represents an increase of Rs. 12,024 crore (19.56%) compared to the 2023-24 annual budget. Autonomous bodies such as the Kendriya Vidyalaya Sangathan (KVS) and Navodaya Vidyalaya Samiti (NVS) have also received their highest-ever allocations, with Rs. 9,302 crore for KVS and Rs. 5,800 crore for NVS. This marks an increase of Rs. 802 crore for KVS and Rs. 330 crore for NVS. Additionally, funding for flagship schemes like SAMAGRA SHIKSHA (Rs. 4,500 crore), PM POSHAN (Rs. 2,467 crore) and PM-SHRI (Rs. 3,250 crore) has been increased compared to the previous fiscal year.

**Higher Education:** India's higher education sector is undergoing a significant transformation with the implementation of the National Education Policy 2020. The policy emphasises flexible, holistic and multidisciplinary education, promoting inclusivity, equity, autonomy and accountability. It aims to address national needs and align with international standards by introducing a flexible curriculum, credit system, multiple entry and exit points, skill development, vocational training, research, innovation and the use of mother tongues and technology in teaching, learning and evaluation. The goal is to increase the Gross Enrollment Ratio (GER) to 50% by 2035, creating approximately 5 crore new seats in higher education. To streamline these efforts, the policy proposes the establishment of the Higher Education Commission of India (HECI), National Research Foundation (NRF), National Education Technology Forum (NETF) and Academic Bank of Credits (ABC).

In light of higher education reforms, the Department of Higher Education has been allocated Rs. 47,619.77 crore in the 2024-25 budget. This represents an increase of Rs. 3,525.15 crore (8%)

compared to the 2023-24 fiscal year. Central Universities have received the largest allocation of Rs. 15,928 crore, up by Rs. 4,314.03 crore from the previous budget. Indian Institutes of Technology (IITs) have been allocated Rs. 10,202.5 crore, an increase of Rs. 841 crore, while National Institutes of Technology (NITs) have been given Rs. 5,040 crore, up by Rs. 219.40 crore. Additionally, Indian Institutes of Science Education and Research (IISERs) have been allocated Rs. 1,540 crore, the Indian Institute of Science (IISc) Rs. 857 crore and Deemed Universities Rs. 596 crore.

Major schemes of higher education such as *Pradhan Mantri Uchchatar Shiksha Abhiyan* (PM-USHA) [erstwhile Rashtriya Uchchatar Shiksha Abhiyan (RUSA)] have been allocated Rs. 1814.94

will provide a one-month wage subsidy to individuals entering the workforce for the first time in all formal sectors. Eligible employees must have a monthly salary of up to Rs. 1 lakh. The subsidy, provided through direct benefit transfer in three installments of up to Rs. 15,000, will be available to first-time employees registered with EPFO. This support is designed to assist both employees and employers by easing the hiring of newcomers and aiding their adjustment period before they become fully productive. Employees must complete a mandatory online financial literacy course before receiving the second installment. Additionally, if the employment of a first-time hire is terminated within 12 months, the employer will be required to refund the subsidy.

governments (Rs. 20,000 crore) and by industry (Rs. 10,000 crore). These ITIs will align course content with skill requirements of industry to train 20 Lakh students over the next five years under Prime Minister's Package for Skilling.

**Revised Model Loan Scheme:** The government has introduced a revamped 'model skill loan scheme' to improve access to skill development courses by significantly increasing the maximum loan limit from Rs 1.5 lakh to Rs 7.5 lakh. Originally launched in 2015, the previous scheme experienced limited uptake due to inadequate loan limits. Announced in the Union Budget 2024-2025, the updated scheme is designed to assist 25,000 students annually and now includes Non-Banking Financial Companies (NBFCs), NBFC-MFIs (micro-finance institutions), and small finance banks as eligible lenders. The revised scheme will offer access to a broader range of skill courses, including those not aligned with the National Skill Qualification Framework (NSQF), and will feature non-NSQF courses available on the Skill India Digital Hub platform.

**Internship in Top Companies:** A comprehensive scheme to provide paid internships to 1 crore youth in top companies has also been launched in order to boost employment opportunities. Finance Minister Smt. Nirmala Sitharaman mentioned that the scheme will provide internship opportunities in 500 top companies to 1 crore youth over a period of five years. These paid internships will provide 12 months exposure to the real-life business atmospheres, professions and employment. An internship allowance of Rs. 5000/- per month along with a one-time assistance of Rs. 6000/- will be provided to the youth. It has been expected from the companies that they will cover the training costs and 10% of the internship expenses from their fund of Corporate Social Responsibility (CSR). Further, it has also been decided that the government will incentivise 30 Lakh youth entering the job market by contributing one month's Provident Fund (PF).

**Women Empowerment through Participation in Workforce:** In order to increase participation of women in the workforce, working women's hostels and creches shall be established and women-centric skill programmes are to be introduced through partnerships and collaborations for better training.

Overall, the Annual Budget of India 2024-25 focuses on substantial investments in education, employment and skilling, which is highly essential to transform the education system as per the national as well as international scenario and to boost employment and skill opportunities as per the need of the market. The focus of the government on these strategic areas aim to create a robust ecosystem which will address these issues by equipping the youth with education, skilling and employment opportunities. However, the most important aspect is its implementation through mapping and reviewing the exact status from time to time in coordination with various stakeholders such as central, state governments and industry at the ground level. This people centric, inclusive, progressive and sustainable approach will pave the way for *Viksit Bharat* by 2047.

**BUDGET**  
2024 - 2025

**Standing Firmly with Students**

**Revamped Model Skill Loan Scheme upto ₹7.5 lakh to benefit 25,000 students annually**

**E-Vouchers for Higher Education upto ₹10 lakh to 1 lakh students every year**

- A 3% interest subvention on the loan amount will be directly applied

Crore, followed by Institutions of Eminence (IoE, Rs. 1800 Crore), *Pradhan Mantri Uchchatar Shiksha Protsahan Yojna* (PM-USP, Rs. 1558 Crore), National Apprenticeship Training Scheme (NATS, Rs. 600 Crore), National Mission in Education through ICT (NMEICT, Rs. 480 Crore), Multidisciplinary Education and Research Improvement in Technical Education (MERITE-EAP, Rs. 200 Crore) and Establishment of 3 Centres of Excellence (CoEs) in Artificial Intelligence (Rs. 255 Crore) respectively.

Further, the Govt. of India has made a provision to provide financial support through loan up to 10 Lakh for higher education. The loan amount will directly be given to one lakh students annually through e-vouchers along with an interest subsidy of 3% on the loan amount. UGC Chairman Prof. M. Jagadesh Kumar expressed that the UGC will continue to work in synergy with all the stakeholders to ensure the efficient use of funds, furthering its mission of advancing standards of higher education across the country.

**Employment Opportunities:** The Finance Minister has announced implementation of three schemes for 'Employment Linked Incentive' as a part of the Prime Minister's package. These schemes will be based on registration in the Employees' Provident Fund Organisation (EPFO) and will mainly focus on recognising first-time employees and providing assistance to both employees and employers. The schemes are:

**Scheme I** is associated with 'First Timers': This scheme, aimed at benefiting 2.1 crore youth over the next two years,

**Scheme II** is related to job creation in manufacturing: Designed to significantly increase the hiring of first-time employees in the manufacturing sector, this scheme will provide incentives for additional employment, benefiting an estimated 30 lakh young people entering the workforce and their employers. The incentive, linked to EPFO contributions, will be granted directly to both the employee and employer over the first four years of employment. If the employment of a first-time hire is terminated within 12 months of recruitment, the employer will be required to repay the subsidy.

**Scheme III** is associated with support for employers: This employer-focused scheme will cover additional hires across all sectors for salaries up to Rs. 1 lakh per month. The government will reimburse employers up to Rs. 3,000 per month for two years for EPFO contributions related to each additional employee.

**Skill Opportunities:** A new centrally sponsored scheme will be introduced under the Prime Minister's Package for Skilling in collaboration with state governments and industry. The scheme will cover 20 lakh students, who will be provided skill training over a period of five years.

**Modernisation of 1000 Industrial Training Institutes (ITIs):** In order to focus on skill development, 1000 Industrial Training Institutes in Hub-and-Spoke-Model will be upgraded and modernised with an allocation of Rs. 60,000 in collaboration with state governments and industry. The budget for this project will be shared by the Govt. of India (Rs. 30,000 crore), by state

# Prime Minister Shri Narendra Modi's 'Mann Ki Baat'

## Celebrating Athletic and Academic Triumphs

In his latest 'Mann Ki Baat' broadcast, Prime Minister Shri Narendra Modi started by cheering the Indian athletes taking part in the Paris Olympics. He then went on to celebrate another prestigious global competition - the International Mathematics Olympiad (IMO). His recognition of India's impressive IMO haul of four Gold and one Silver medal emphasises a larger narrative of national excellence and aspiration. The PM's choice to invite the IMO winners for a live conversation was a brilliant move to personalise and celebrate the country's academic feats. By engaging with Aditya Venkat Ganesh, Siddharth Chopra, Arjun Gupta, Kanav Talwar, Rushil Mathur and Anando Bhaduri, the Prime Minister not only honoured their achievements but also highlighted the dedication and hard work behind their success.

The interaction offered a glimpse into the students' rigorous preparation and the personal stories that fueled their success. Arjun Gupta's mention of his supportive family and the sheer intensity of solving mathematical problems for hours illustrated the relentless pursuit of excellence. Similarly, Kanav Talwar's reflection on the journey rather than just the destination resonated with a broader life philosophy that values effort and learning over mere accolades. Rushil Mathur and Anando Bhaduri provided insightful perspectives on overcoming the fear of mathematics, stressing that curiosity and creativity are essential to understanding and enjoying the subject. Their emphasis on patience and deep comprehension over rote memorisation speaks to a critical educational insight that could transform how mathematics is taught and perceived.

## Northeast India's First UNESCO World Heritage Site

Another spotlight of the broadcast was the inclusion of Charaideo Maidam in the UNESCO World Heritage Sites list. As the first site from Northeast India to receive this honour, Charaideo Maidam stands as a beacon of cultural significance and historical legacy. Prime Minister Shri Narendra Modi described Charaideo Maidam, located in Assam, as the "shining city on the hills" that was once the capital of the Ahom dynasty. The Maidams-mound-like structures used to honour deceased kings and dignitaries-are unique symbols of respect and reverence in Ahom culture. This recognition by UNESCO not only celebrates the architectural and historical uniqueness of Charaideo Maidam but also promises to boost tourism and global interest in the region. PM Modi's reflection on the Ahom Empire's enduring legacy was both enlightening and inspiring.

## HIGHLIGHTS

He praised the empire's remarkable ability to sustain itself from the 13th to the 19th century, attributing its longevity to strong principles and beliefs. His personal experience with the Ahom community, including the unveiling of the tallest statue of the Ahom warrior Lasit Borphukan, added a heartfelt touch to his commentary. The Prime Minister encouraged listeners to include Charaideo Maidam in their travel plans, underscoring its importance as a cultural landmark.

## Encouraging Art in Public Spaces

Prime Minister Shri Narendra Modi also introduced Project PARI (Public Art of India), which aims to enhance public spaces through art. He highlighted how this initiative brings emerging artists together to create vibrant murals and artworks in urban areas, enriching public spaces and fostering a deeper appreciation for Indian culture. His mention of notable installations at Bharat Mandapam in Delhi and other public spaces serves as an invitation to art enthusiasts to support and engage with this growing movement.

## Traditional Craft for Sustainable Living

Another compelling story from the broadcast was the success of the UNNATI Self Help Group (SHG) in Rohtak, Haryana. Prime Minister Shri Narendra Modi shared the inspiring journey of over 250 women who transformed their lives through block printing and dyeing. By joining the SHG, these women have turned their traditional skills into a thriving enterprise, producing high-demand textiles and earning substantial

incomes. This narrative of empowerment through skill development highlights the positive impact of community support and entrepreneurial spirit. The PM also shed light on the growing popularity and economic impact of handloom and Khadi industries. His announcement of Khadi Village Industry's turnover surpassing Rs 1.5 lakh crore-marking a 400% increase in sales-highlights a significant shift towards sustainable fashion. The Prime Minister's call to embrace Khadi, especially in August, as a symbol of national pride and independence, reflects a broader trend towards supporting local industries and sustainable practices.

## 'Manas' Initiative for Combating Drug Abuse

Another pivotal segment of the broadcast focused on the government's efforts to combat drug abuse through the newly launched 'Manas' initiative. By introducing a toll-free helpline and portal, Prime Minister Shri Narendra Modi emphasised the importance of accessible support and confidential reporting. This initiative represents a crucial step in addressing the pervasive issue of drug addiction, aiming to provide guidance and resources to those in need.

## Community Involvement in Wildlife Preservation

Prime Minister Shri Narendra Modi's discussion on tiger conservation was equally compelling. With Tiger Day on the horizon, the Prime Minister celebrated India's remarkable achievement of housing 70% of the world's tiger population. Highlighting local conservation efforts, such as the "Kulhadi Band

Panchayat" in Ranthambore and eco-tourism initiatives by the Gond and Mana tribes in Maharashtra, PM Modi showcased the positive impact of community involvement in wildlife preservation. The stories of tribes like the Chenchus and the efforts in Pilibhit demonstrate a collective commitment to maintaining harmonious relationships between humans and wildlife, ensuring a future for tigers in India.

## Environmental Stewardship and Community Efforts

The Prime Minister's discussion on the 'Ek Ped Maa Ke Naam' campaign illustrated a significant commitment to environmental conservation. He proudly shared the success of a recent event in Indore, where over 200,000 saplings were planted in a single day. This initiative, which encourages planting trees in honour of one's mother, exemplifies how personal gestures can contribute to broader environmental goals. The PM's call for citizens to participate by posting selfies with their saplings on social media taps into contemporary trends, fostering a sense of personal connection to environmental stewardship. This personal and communal engagement not only aids in increasing forest cover but also strengthens the emotional bond people feel towards both their families and the environment.

## Celebrating National Pride with 'Har Ghar Tiranga Abhiyan'

As the nation approaches Independence Day, Prime Minister Shri Narendra Modi's emphasis on the 'Har Ghar Tiranga Abhiyan' underscores the deep-seated pride and enthusiasm that the Tricolor invokes across India. This campaign, which encourages citizens to display the national flag at their homes and public spaces, has evolved into a nationwide celebration of patriotism. The PM's mention of the innovative ways people are incorporating the Tricolor into their lives-whether through decorating homes, offices or vehicles-demonstrates how national symbols can foster unity and collective pride. The call to share selfies with the flag on the 'harghartiranga.com' website not only promotes widespread participation but also leverages social media to amplify the sense of national pride.

## Inviting Public Participation

Prime Minister Shri Narendra Modi's invitation for suggestions from the public for his Independence Day address reflects a commitment to inclusivity and engagement. By encouraging citizens to share their ideas via MyGov or the NaMo App, the Prime Minister's approach not only enriches the national dialogue but also ensures that diverse voices are heard and represented.

Continued from page 1

**Defence Budget 2024-25: Packing ...**

In brief, the total defence allocation for the current financial year is higher by about 18.43% over the allocation for FY 2022-23 and 4.79% more than the allocation of FY 2023-24. Out of the total allocation, a share of 27.66% goes to capital; 14.82% for revenue expenditure on sustenance and operational preparedness; 30.66% for pay and allowances; 22.70% for defence pensions, and 4.17% for civil organisations under Ministry of Defence (MoD).

The focus on *Aatmanirbharta* in itself magnifies the purchasing power of each available rupee, since the indigenously designed, developed, and produced defence products are relatively cost effective in every aspect - initial procurement, induction and training, their maintenance overhaul and repair, in other words, the entire life cycle. Whereas the budget spent on defence procurements of indigenously designed, developed, and manufactured products contributes very significantly to generation of employment and wealth as well as overall growth of our country; expenditure on importing defence products remain a burden on national exchequer with all the benefits of such potentials for jobs and growth going to the countries manufacturing those products.

Thus, continuing its stress on *Aatmanirbharta* and consequential economic growth and employment, the Modi 3.0 government in this budget has enhanced the capital budget earmarked for domestic defence procurements to Rs. 1,05,518.43 crores, the total budgetary allocation for capital procurements being Rs. 1,72,000 crores. The capital expenditure constitutes the expenditure on building assets and includes procurement of weapon systems and platforms, equipment, land, machinery etc. The defence Capital expenditure builds long term strengths for the nation's security. Even though the actual capital expenditure on capital acquisitions in the previous year was Rs. 1,57,228.20 against the budgetary allocation of Rs.1,62,600.00 the budgetary allocation this year has been enhanced by 9.4% to Rs. 1,72,000 crores.

The impact of earmarking Rs. 1,05,518.43 crores for procurements for domestic sources together with the 5 Positive Indigenisation Lists (PILs) of 509 major defence products and systems already notified by the DMA that will be procured exclusively from indigenous sources as per provisions given in the Defence Acquisition Procedure 2020 in staggered timeline, will have a positive synergistic effect on *Aatmanirbharta*.

Additionally, with the aim of indigenising systems already imported/ being produced under licence by DPSUs, in the process, reducing dependence on imports and promoting our own industry especially the MSMEs and the Startups, the DDP has on the 16th July 2024 had promulgated its own fifth positive indigenisation list consisting of 346 items. This takes the number of such items to 5012, of which 2,972, having import substitution value worth Rs. 3,400 crore, have already been

indigenised. The lists include strategically-important Line Replacement Units LRUs, Systems, Subsystems, Assemblies, Subassemblies, Spares, Components and Raw Materials, with import substitution value running in thousands of crores. These items will only be procured from the Indian Industry after the timelines of indigenisation as indicated in the list available on the Srijan portal (Ref 1). Till June 2024, over 36,000 defence items had been offered to the industry for indigenisation by the DPSUs and Services HQs, more than 12,300 of these items have been already indigenised in the past three years. As a result, the DPSUs have placed orders on domestic vendors to the tune of Rs. 7,572 crore.

This earmarking of a major portion of the capital budget for procurements from domestic sources will provide stimulus to the economy through its multiplier effect on GDP, employment generation and capital formation.

Enhanced allocation of Rs. 92,088 crore for sustenance and operational readiness of our Armed Forces that is about 48% higher than the budgetary allocation of financial year 2022-23, will in addition to providing required maintenance facilities and support system to all platforms including aircraft and ships, mobility of resources and personnel and strengthening the deployment of forces, will also significantly contribute to employment generation.

countries like the USA and China have been spending approximately 12% and 20%, respectively on Defence R&D as compared to their Defence Budgets.

In recent years, the Govt's efforts have been to make R&D, innovations and development of prototypes broadbased through several centrally funded schemes. One such scheme, Innovation for Defence Excellence - iDEX initiative launched by the PM in April 2018 aims to achieve self - reliance and foster innovation and technology development in Defence and Aerospace by engaging Industries including MSMEs, start-ups, individual innovators, R&D institutes and academia. Through the iDEX scheme, the MoD is engaging with start-ups, MSMEs and innovators to develop Defence Technology solutions and supply our Armed Forces with innovative and indigenous technological solutions. Under the Acing Development of Innovative Technologies with iDEX (ADITI) scheme, a grant of up to 50% of Product Development Budget with the enhanced limit of Rs. 25 crore per applicant can be awarded in accordance with the prevailing iDEX guidelines. The budgetary allocation for iDEX has now been enhanced to Rs. 518 crore from Rs.115 crore in FY 2023-24 to promote innovation.

With the aim of nurturing indigenous development of systems, the capital budget to provide assistance for

13,700 feet, permanent bridge connectivity to southernmost Panchayat of India in Andaman and Nicobar Islands, 4.1 km strategically-important Shinku La tunnel in Himachal Pradesh, Nechipu tunnel in Arunachal Pradesh are examples of projects that will benefit from this enhanced budgetary allocation.

Similarly, the Coast Guard Organisation has been allocated Rs. 7651 crore, a hike of 6.31%, out of which Rs. 3500 crores is under the capital head. This will facilitate the acquisition of fast-moving patrolling vehicles and interceptors, advanced electronic surveillance systems and weapons, strengthening much needed maritime security for over 7500 km long coastline and more than 23 lakh square kilometres of our exclusive economic zone.

**Getting More from a Rupee - Aatmanirbharta and beyond**

*Aatmanirbharta* in Defence is not the only contributor to enhancing the value of available funds. Guarding over 15000 km long borders of our vast nation with an area more than 32.8 square kilometres, our military that is among the largest in the world, has to spend huge resources and funds on logistics with roads and railways being primary modes of transportation of personnel, equipment, weapons and ammunition. This year's budget has once again made significantly enhanced allocations for strengthening logistics infrastructure in the country. Together with higher allocations in the defence budget for border roads infrastructure, enhanced budgetary allocations of Rs. 272241.15 crores and Rs. 252000.00 crores for Roads and Railways respectively under the respective capital heads will go a long way in making the logistics cost and time effective, acting as a force resource multiplier.

Strength is essential for peace and prosperity. This visionary defence budget 2024-25 is expected to contribute towards a more prosperous and *Aatma Nirbhar 'Viksit Bharat'* besides enhancing our country's military and economic strengths.

**Salient Features of Defence Budget**

Total Defence Budget 2024-25	Rs. 6,21,940.85 crores (Highest so far, 12.9% of total budget)
Total Allocation for Capital Expenditure	Rs. 1,82,240.85 crores (includes Rs. 1,02,40.85 crores for civil)
Total Allocation for Revenue Expenditure	Rs. 4,39,700.00 crores (includes Rs. 1,41,205 crores for Pensions)
Capital Earmarked for Procurements from Domestic sources	Rs. 1,05,518.43 crores

**(The author is former Spokesperson, DRDO, and a defence and strategic affairs analyst. Feedback on this article can be sent to feedback.employmentnews@gmail.com). Views expressed are personal**

**Impetus to Innovation, Research and Development, Prototyping**

The allocation of Rs. 13208 crore under the capital head for defence R&D, an increase of merely 2% (not enough to even compensate for inflation) doesn't gel with otherwise strong emphasis on *Aatmanirbharta*. The indigenous technologies and know-why generated through R&D provides the building blocks for self-reliance. The budget allocations for DRDO since its inception have remained abysmally low (p167 Ref. 6). The defence R&D budgets as a percentage of GDP has been as low as 0.09%, standing presently around 0.14% with an allocation of Rs. 23,855 crore for the current financial year. This turns out to be merely 3.84% of the total defence budget. In comparison,

prototype development under make procedure has been enhanced by 361% to Rs. 1797.48 crores from the last year's revised budget allocation of Rs. 389.89 crores.

**Strengthening the Border Infrastructure**

Strengthening of border infrastructure has been given significant importance with the allocation of Rs. 6,500.00 crores under capital head for Works under Border Roads Development Board (A rise of 30% from Rs. 5,000.00 crores allocated in the previous year and 160% higher over the allocation of financial year 2021-22). This, in addition to promoting strategic infrastructure development in border areas, will also boost socio-economic development in these regions. Development of Nyoma Airfield in Ladakh at an altitude of

Candidates belonging to the EWS category in terms of the above-mentioned Oms are required to produce the Income and Asset Certificate issued by Competent Authority, in the prescribed attached format (Annexure-A) at the time of document verification. The last date of receipt of applications i.e. 23.09.2024 shall be treated as the crucial date for submitting the Income and Asset Certificate by the candidate. Non-submission of such certificate shall be treated as disqualification. The Income and Assess certificate should be valid for the year 2023-24.

Continued on page 9

Continued from page 8

**(B) Age Limit: -**

1. The crucial date for determining the age limit shall be the last date of receipt of application i.e. **23.09.2024**.
2. No age relaxation will be given to SC/ST/OBC (Non Creamy Layer) candidate applying for the Unreserved posts as per Govt. of India order No.36011/1/98/Estt(Res.) dated 01.07.1988 as amended from time to time.
3. The age relaxation to SC/ST/OBC/(None Creamy Layer)/PwD/Ex-Servicemen etc. shall be considered as per the DoPT OM No. DoPT-1667569393892 dated 06.09.2022 as amended time to time.
4. Age concession of 5 years are allowed to Departmental Candidates and Central Government employees for appointment by direct recruitment subject to the usual condition that the Group post to which direct recruitment is being made are in the same line or allied cadres and that a relationship could be established that service rendered in the post will be useful for efficient discharge of the duties in other categories of posts.
5. The Central Government/Autonomous body/Departmental Candidate should submit No Objection Certificate from their employer at the time of documents verification.

**(C) Others:-**

1. No TA/DA will be paid to attend the written Test/Skill test and the candidate will have to make their own arrangement.
2. Date, time and venue of the written test/skill test/Interview will be communicated to the shortlisted candidates through call letter/admit cards and no enquiry/request in this regard will be entertained. Candidates are advised to visit NIB website from time-to-time on the updated status of the recruitment process.
3. Any change in the address for communication should be intimated to NIB by the candidate immediately.
4. Any canvassing by or on behalf of the candidates or to bring political or other outside influence with regard to the selection/recruitment shall be treated as disqualification.
5. The candidates working in the Central/State Govt. Departments/Public Sector undertakings etc. should submit "No Objection Certificate" and Vigilance clearance certificate at the time of documents verification failing which the candidature of applicant will be summarily rejected.

Oil India Limited, a Maharatna Public Sector Undertaking is the pioneer and second largest national upstream Oil and Gas Company with a pan India presence and growing global footprint. OIL is all set to conquer newer horizons of all-round growth and excellence. It is engaged in exploration, production and transportation of crude oil, natural gas and production of LPG at its Fields Headquarter (FHQ) at Duliajan, Dist. Dibrugarh, Assam. The company's In-Country operations are spread over the areas in the states of Assam, Arunachal Pradesh, Mizoram, Tripura, Nagaland, Odisha, Andhra Pradesh and Rajasthan and offshore areas in Andaman, Kerala-Konkan and KG shallow waters. OIL operates a 1157 Kms long crude oil pipeline from Digboi, Assam to Barauni in Bihar and a 660 Kms long product pipeline from Numaligarh Refinery to Siliguri. Besides having a Pan-India presence, OIL has Participating Interest (PI) in blocks in eight countries overseas viz Russia, USA, Venezuela, Mozambique, Nigeria, Gabon, Bangladesh & Libya. OIL has also ventured into the City Gas Distribution (CGD) projects and has diversified into the Renewable & Alternate Energy sector in the Wind and Solar domains with a total installed capacity of 188.10 MW. OIL has acquired majority stake in Numaligarh Refinery Limited (NRL) Assam, resulting in OIL becoming the promoter and the holding company of NRL. Besides, the Company also has stake in Brahmaputra Cracker and Polymer Limited (BCPL).

गृह मंत्रालय/Ministry of Home Affairs

स्वापक नियंत्रण ब्यूरो

Narcotics Control Bureau

2nd Floor, August Kranti Bhawan, Bhikaji Cama Place, New Delhi-110066

**Subject:- Filling up of the post of Deputy Director/Zonal Director in the Headquarters and Zones of Narcotics Control Bureau, Ministry of Home Affairs on deputation basis.**

Narcotics Control Bureau, Ministry of Home Affairs intends to fill up **08 (eight)** existing/anticipated vacant posts of **Deputy Director/Zonal Director**. The vacancies may vary (increase/decrease). The selected candidates are liable to be posted anywhere in the country in any of the Zones/Headquarters of Narcotics Control Bureau. Any conditional application regarding place of posting or any other issue shall not be entertained.

2. The post of Deputy Director/Zonal Director carries the pay scale in PB-3 (Rs. 15600-39100) + Grade Pay of Rs.7600 (pre-revised) and in the revised Pay Matrix Level-12 as per 7th CPC.

3. The Recruitment Rules for the post provide for 20% of posts to be filled by promotion failing which by deputation and 80% of the posts to be filled by deputation. There is no eligible officer in the feeder grade in the Narcotics Control Bureau for promotion. Therefore, all the posts will be filled up on deputation basis.

4. The terms and conditions of the deputation will be governed by the Department of Personnel & Training's OM No. 6/8/2009-Estt. (Pay II) dated 17.06.2010, as amended from time to time.

5. The Recruitment Rules for the post of Deputy Director/Zonal Director in the Narcotics Control Bureau provide for deputation of the officers of the Central Government or the State Government or Union Territories;

(a) (i) holding analogous posts on regular basis in the parent cadre or department; or (ii) with 5 year's regular service in the grade rendered after appointment thereto on a regular basis in the posts in the pay band-3, Rs. 15600-39100 with grade of pay Rs.6600 (pre-revised) or equivalent in the parent cadre or department: **and**

(b) **possessing the following educational qualifications and experience: Essential**

(i) Bachelor's degree from a recognized University;

(ii) Eight years' experience in enforcement of regulatory laws and collection of intelligence relating thereto.

**Desirable :** (i) Four years' experience in investigation of criminal offences including economic offences.

(ii) Working knowledge of Computer related operations including Microsoft Office (Word, Power-Point, Excel and Access) and operation of internet.

**Duties of the Zonal Director/Deputy Director**

1. Enforcement of Narcotics Drugs and Psychotropic Substances Act, 1985 and other related laws;

2. Collection & development of Intelligence regarding drug traffickers followed by search, seizure and arrest of traffickers and their prosecution;

3. Undertaking financial investigation including drug money laundering and links with terrorist activities if any;

4. Identification and destruction of illicit opium and cannabis cultivation;

5. Identification and destruction of illicit Meth Labs;

6. Initiating action under PITNDPS Act;

7. Busting of Internet pharmacies;

8. Identification of major drug traffickers, their activities and creating a database;

9. Monitoring of drug situation, modus operandi, routes etc;

10. Working on joint operations with counterpart drug law enforcement agencies of other countries and initiating controlled delivery operations;

11. Coordination between various Central and States drug law enforcement agencies in India;

12. Monitoring of Legal/court matters;

13. Organization of Training Courses in Drug Law Enforcement;

14. Dealing with Administration and Establishment.

6. Period of deputation including period of deputation in another ex-cadre post held immediately preceding this appointment in the same or some other organization or department of the Central Government shall ordinarily not to **exceed 04 (four) years**.

7. The age limit for appointment by transfer on deputation shall be not exceeding fifty six years on the closing date of receipt of applications.

8. For the purposes of appointment on deputation basis, the service rendered on a regular basis by an officer prior to 1st January, 2016 or the date from which the revised pay structure based on the Seventh Central Pay Commission recommendations has been extended or shall be deemed to be service rendered in the corresponding grade pay or pay scale extended based on the recommendations of the Pay Commission, except where there has been merger of more than one pre-revised scale of pay into one grade pay or pay scale and where this benefit will extend only for the post or posts for which that grade pay or pay scale is the normal replacement grade without any up-gradation.

9. The vacancy circular may be brought to the notice of eligible officers of your cadre/department. The application of eligible and willing officers who can be spared at short notice in the event of their selection may be obtained in the revised **Bio-data/C.V. proforma in original [format given] and be forwarded to the Dy. Director General (P&A), Narcotics Control Bureau Headquarters, 2nd Floor, August Kranti Bhawan, Bhikaji Cama Place, New Delhi-110066 along with the following requisite documents so as to reach this Bureau within six weeks' time from the date of publication of this advertisement in the Employment News:-**

i) Supporting certificate/documents in respect of claimed educational qualification including essential qualification of Bachelor Degree (duly attested).

ii) Photocopies of APARs for the last five years duly attested (with stamp) on each page by an officer not below the rank of Under Secretary to the Government of India or equivalent, including GAP Sheet/NIC/NRC. In case, NRC is not issued, an undertaking may be provided by the Employers/Cadre Controlling Authority with the valid reasons.

iii) Integrity Certificate.

iv) Vigilance Clearance Certificate as per proforma.

v) Major/Minor penalty statement for the last 10 years **and**

vi) Cadre Clearance incorporating that in the event of his/her selection, he/she will be relieved to join the post of Deputy Director/Zonal Director in NCB on deputation basis.

10. The applications received after the closing date and conditional application shall not be entertained. It may noted that in the event of their selection, the candidates will not be allowed to withdraw their candidature.

11. All applications must be routed through proper channel. No advance application will be entertained.

12. This issues with the approval of the Ministry of Home Affairs (IS-II Division) conveyed vide its OM No.I-12014/12/2024-NCB-II dated 22/07/2024.

## Union Budget 2024-25

# Integrating North-East into National Development Agenda

**Dr Samudra Gupta Kashyap**

Since the NDA government's inception in 2014, the North-East has been accorded substantial priority, being recognised as a potential growth engine for the nation. Prime Minister Shri Narendra Modi has described the region as "Ashta Lakshmi," symbolising the eight manifestations of Lakshmi, the goddess of wealth. The Prime Minister's forward-looking policies are designed to transform the region into a major contributor to the country's GDP.

This emphasis on the region has consistently been evident in the Union government's recent annual budgets including that of 2024-25. A detailed examination reveals that the North-Eastern states have seen an allocation increase of Rs. 4,035.31 crore in this budget, with a particular focus on infrastructure and surface connectivity receiving the highest priority.

The budget has allocated a total of Rs. 5,900 crore for various central sector schemes and projects in the North-Eastern region. This funding is managed by the Ministry of Development of the North-Eastern Region (MDoNER), which oversees the planning, implementation and monitoring of development initiatives in the area. The Ministry's objective is to expedite the socio-economic development of the North-East to ensure that it achieves growth parity with the rest of the country.

Out of the allocated Rs. 5,900 crore, the North-East Special Infrastructure Development Scheme (NESIDS) has been awarded the largest share of Rs. 2,491 crore from the Central Pool of Resources for the North-East. Launched by the NDA government in 2017, NESIDS is a fully centrally funded scheme designed to support projects in the North-Eastern states. It focuses on enhancing physical infrastructure such as water supply, power and connectivity to boost tourism, as well as improving social infrastructure in primary and secondary education and health sectors.

This allocation of Rs. 5900 crore also includes Rs. 2200 crore for the Prime Minister's Development Initiative for North-East Region, PM-DevINE in short. Introduced in the Union Budget of 2022-23, the objectives of PM-DevINE are - (i) Funding infrastructure convergently in the spirit of PM GatiShakti; (ii) Supporting social development projects based on felt needs of the North-East; (iii) Enabling livelihood activities for youth and women; and (iv) Filling the development gaps in various sectors. Some major on-going projects under PM-DevINE are - (a) Construction of Aizawl by-pass worth Rs. 500 crore, (b) Construction of new four-lane road in New Shillong township worth Rs. 146.79 crore, (c) Gap-funding for two ropeway projects in Sikkim worth Rs. 122 crore, (d) Solar micro-grid for remote habitations in Tripura worth Rs. 80.79 crore, (e) Livelihood projects in the eastern districts of Nagaland worth Rs. 180 crore, and (f) Setting up a Paediatric and Adult Haematolymphoid Cancer treatment centre in Guwahati.

The Union Budget for 2024-25 has allocated Rs. 820 crore for various central-sector schemes and projects administered by the North-Eastern Council (NEC). This funding will support initiatives such as the upgrading of key inter-state roads, the development of tourism infrastructure, the establishment of tea blending, packaging and value addition units and the provision of

essential services in designated blocks. Additionally, it will fund the construction of hostels for girls and tribal students at various institutions, the creation of Digital Design Labs for livelihood generation, empowerment of marginalised women in Sixth Schedule areas and support for handloom and sericulture projects, among other initiatives.

Despite the region's industrial underdevelopment, there is also a notable deficit in entrepreneurial activities. To address this, the Centre, through the North-Eastern Council, introduced the North-East Entrepreneurship Development Scheme (NEEDS) in 2022. This initiative is designed to assist first-generation entrepreneurs who lack equity, providing support for new projects in micro and small enterprises as well as for the expansion and modernisation of existing units. For the fiscal year 2024-25, the Union Budget has allocated Rs. 174.66 crore for NEEDS.

Additionally, the Budget for 2024-25 includes two special packages for the autonomous councils overseeing the three hill districts of Assam, as outlined in the Sixth Schedule of the Constitution. The Dimas Hasao Autonomous Council has been allocated Rs. 60 crore, while the Karbi Anglong Autonomous Council has been allocated Rs. 50 crore. Moreover, two central public sector organisations - North-Eastern Handicrafts and Handloom Development Corporation (NEHDC) and North-Eastern Regional Agricultural Marketing Corporation (NERAMAC) have been allocated Rs. 7.19 crore and Rs. 2 crore respectively. NEHDC supports 19,176 tribal artisans and weavers across the region, while NERAMAC assists 27,616 farmers, aiding numerous tribal families in the area.

While these allocations are specifically designated for the Ministry for Development of the North-Eastern Region (MDoNER), it is equally significant that the Union Budget for 2024-25 includes substantial funding for various central government departments and ministries to execute their schemes and programmes in the region. Statement 11 of the Budget's Expenditure Profile, detailed on pages 150 and 151, outlines the distribution of funds across 55 different central departments and ministries, totaling an impressive Rs. 100,893.23 crore. The top ten allocations are as follows: Ministry of Road Transport & Highways (Rs. 19,338.00 crore), Department of Rural Development (Rs. 9,062.40 crore), Department of Drinking Water & Sanitation (Rs. 7,632.19 crore), Department of School Education & Literacy (Rs. 7,029.63 crore), Department of Health & Family Welfare (Rs. 6,697.54 crore), Department of Higher Education (Rs. 3,795.69 crore), Ministry of Power (Rs. 3,173.02 crore), Department of Women & Child Development (Rs. 2,733.90 crore), Ministry of Labour & Employment (Rs. 2,191.07 crore) and Ministry of Micro, Small and Medium Enterprises (Rs. 2,187.02 crore).

In addition to the aforementioned top ten allocations, it is important to highlight other significant allocations including: Department of Telecommunications (Rs. 1,910 crore), Ministry of Electronics and Information Technology (Rs. 1,787.13 crore), Department for Promotion of Industry and Internal Trade (Rs. 1,701.55 crore), Ministry of Housing and Urban Affairs (Rs. 1,690.00 crore), Ministry of New and Renewable Energy (Rs. 1,459.43 crore), Ministry of Tribal

Affairs (Rs. 1,303.85 crore), Department of Consumer Affairs (Rs. 1,016.90 crore), Department of Food and Public Distribution (Rs. 711.01 crore), Ministry of Defence: Civil (Rs. 655.50 crore) and Department of Agricultural Research and Education (Rs. 587.39 crore). These allocations are expected to significantly enhance the socio-economic conditions of the North-Eastern Region. Furthermore, with a focus on financial inclusion and literacy, Finance Minister Smt. Nirmala Sitharaman's announcement in the Budget to establish over 100 new branches of India Post Payment Bank in the region is anticipated to drive additional positive changes in the coming years.

Additionally, the Union Budget for 2024-25 has allocated a substantial Rs. 10,376 crore for various ongoing and new railway projects across the North-Eastern Region, with Rs. 8,300 crore specifically designated for the double-tracking of railway lines.

Located at one of the world's most critical geoseismic junctions, the North-Eastern Region is highly susceptible to floods, riverbank erosion and other natural disasters, including landslides. In this context, the allocation of Rs. 11,000 crore in the Union Budget for 2024-25 for flood management - particularly targeting Sikkim and Assam, which have been severely affected by recent floods - deserves particular attention.

Regarding the increasing budgetary allocations to the North-Eastern Region across various sectors, it is noteworthy how connectivity has received significant enhancement in recent years. Over the past decade, four major bridges over the Brahmaputra have been completed and the ambitious project to connect every state capital to the national railway network is approaching completion. The region has seen the construction of an

unprecedented length of roads and a revival of waterway transport, significantly boosting its economic and business potential. This represents a transformative improvement in connectivity long sought by the local population. Additionally, eight new airports have been constructed and are now operational, raising the total number of airports in the North-East to 17.

The impact of Partition, which severed the region's road, rail and waterway communications for an extended period, coupled with significant immigration, contributed to the difficulties faced by the NE region. Additionally, the region has experienced a succession of insurgencies, which can be traced to economic underdevelopment and disparities in growth.

However, given that the North-East is pre-dominantly inhabited by tribal communities, increased budgetary allocations to key departments and ministries such as the Ministry of Tribal Affairs, Drinking Water & Sanitation, Rural Development, Food and Public Distribution, Health & Family Welfare, School Education & Literacy and Women & Child Development are anticipated to have a profound and enduring positive impact on the region's population. These enhancements are expected to create more equitable opportunities and play a crucial role in integrating tribal communities into the broader national growth narrative.

### National Institute of Mental Health Rehabilitation, Sehore Department of Empowerment of Persons with Disabilities (Divyangjan)

Ministry of Social Justice & Empowerment, Govt. of India

Website: <https://nimhr.ac.in>

Phone: 07562-223960, Email: [nimhrsehore@gmail.com](mailto:nimhrsehore@gmail.com)

Recruitment Notice No. 03/2024

National Institute of Mental Health Rehabilitation, Sehore invites applications from eligible candidates for the following posts for Diploma in Indian Sign Language Interpretation (D.I.S.L.I.) Course to be filled on purely contractual basis:

S. No.	Name of Posts	No. of Posts	Consolidated Remuneration per month
01.	Master Trainer (Deaf)	01	Rs. 45000/-
02.	Sign Language Interpreter	01	Rs. 35000.00 (For 12th + Certificate in C Level/ DISLI)
			Rs. 40000.00 (Graduate + Certificate in C Level/ DISLI)
03.	Sign Language Instructor (Deaf)	01	Rs. 35000.00 (12th + Certificate in C Level/ DTISL)
			Rs. 40000.00 (Graduate + Certificate in C Level/ DTISL)

- The complete details regarding educational qualifications, experience, etc. for above posts, terms and conditions and download application form, please visit Institute's website: <https://nimhr.ac.in>. The last date of application shall be 30 days of publication of this recruitment notice in Employment News Paper.

Any modifications/ corrigendum in the above notification will be given in Institute's website only.

# Annapurna Singh's Never-Surrender Spirit Propels Her to UPSC 99th Rank

## INTERVIEW

Annapurna Singh, a resident of Bihar, achieved the 99th rank in the UPSC Civil Services Examination 2023 on her fifth attempt. Her journey to success was marked by initial setbacks which she persevered through without losing hope, eventually realising her long-cherished dream. Annapurna attributes her success to the unwavering support of her parents, teachers and friends, whose encouragement bolstered her spirits during difficult times. Speaking with journalist Shri Chandran Kumar Choudhary for Employment News, Annapurna says she drew inspiration from a poem titled 'Nanhi Cheeti' that she kept on her study table, finding solace and motivation in its message that perseverance always leads to success.

**Q: Congratulations on securing the 99th rank in the UPSC Civil Services Examination 2023! How do you feel about this achievement?**

**A:** Thank you! This achievement still feels incredibly surreal to me. It's a culmination of years of hard work, sacrifices, and unwavering support from my parents, friends and teachers. The moment I found out about my rank, it was like a dream come true. I am overwhelmed with happiness and gratitude for everyone who believed in me and supported me throughout this journey.

**Q: What was your approach behind this success and how many attempts did it take you?**

**A:** This was my fifth attempt at the UPSC examination. Initially, I tried to balance my preparation with my demanding job at Intel in Bengaluru. It was challenging to juggle between work and studying, but I persisted because I was determined to achieve my goal of becoming a civil servant. After realising that I needed more time to focus on my preparation, I made the difficult decision to resign from my job and dedicate myself fully to UPSC examinations. The mantra that kept me going was the belief that if an idea came to my mind, it was meant to be pursued. I always had a deep-seated desire to serve society and improve people's lives, which motivated me to keep pushing forward despite the setbacks.

**Q: Who do you credit for supporting you through this journey?**

**A:** I owe a huge debt of gratitude to my parents, who have been my rock and unwavering support system throughout this challenging journey. Their encouragement, belief in my abilities and sacrifices have been instrumental in keeping me motivated and focused. My teachers also played a crucial role in guiding me and providing invaluable insights and

knowledge. Additionally, my friends stood by me, offering moral support and understanding during the ups and downs of preparing for such a competitive examination.

**Q: How did you find out about your UPSC result and how did you celebrate?**

**A:** Finding out about my UPSC result was an emotional rollercoaster. After a disappointing previous attempt, I was filled with nervous anticipation this time around. I even hid my phone to manage my anxiety. It was my mother who broke the news to me and it was an incredibly emotional moment. I felt an overwhelming sense of relief, joy and accomplishment. Immediately, I thanked God and sought the blessings of my parents. The moment was surreal and one of the happiest in my life. As congratulatory calls and messages poured in, I realised that I had secured the 99th rank, which added another layer of happiness and pride. It was a moment I will cherish forever.

**Q: As the only child to your parents, did you face extra pressure or challenges?**

**A:** Thankfully, I didn't face many challenges due to the loving and supportive environment provided by my family. However, being the only child comes with its own set of societal pressures and expectations, which can sometimes be daunting. I have been fortunate to have parents who have always encouraged me to pursue my dreams and supported me unconditionally.

**Q: What was your study strategy, considering your demanding job?**

**A:** Balancing my job at Intel while I was preparing for UPSC examinations was indeed challenging. During my initial attempts, I tried to study whenever I could spare time after work, often late into the night

and on weekends. However, I soon realised that this approach wasn't sustainable for achieving my goal. After careful consideration, I decided to resign from my job to focus entirely on UPSC preparation. For the last two years leading up to my successful attempt, I immersed myself completely in studying. I didn't count hours but dedicated every waking moment to mastering the syllabus and improving my understanding of the subjects.

**Q: What are your hobbies and interests outside of academics?**

**A:** Outside of academics, I have a deep passion for reading. One of my favourite works is "Rashmirathi" by Ramdhari Singh Dinkar, which inspires me with its profound messages and poetic beauty. I also enjoy painting as a creative outlet and have participated in several art exhibitions. Additionally, I have a keen interest in swimming and have won medals in swimming competitions.

**Q: Could you share your educational background with us?**

**A:** I completed my schooling at DAV School in Khagaul, Patna, where I developed a strong academic foundation. After completing my 12th grade, I pursued a Bachelor's degree in Electronics and Communication Engineering from Bengaluru. I was fortunate to secure a job at Intel during campus placements, which provided me with valuable professional experience before I decided to focus on my UPSC preparation full-time.

**Q: How important was coaching in your UPSC preparation?**

**A:** I opted not to attend traditional classroom coaching for General Studies (GS) and Mains. Instead, I relied heavily on self-study and online resources, particularly YouTube channels hosted by previous UPSC toppers. These channels provided insightful guidance, study tips and strategies that were immensely helpful in my preparation journey. I did participate in some online coaching sessions during the COVID-19 pandemic, which provided additional structure and expert guidance. While coaching can be beneficial, especially for structured learning and mentorship, I believe that with dedication and the right resources, one can effectively prepare for UPSC examinations independently.

## HRD/DIPAS/ADVERTISEMENT-CORRIGENDUM/2024

### CORRIGENDUM

Sub: Corrigendum in the advertisement for selection of Research Associate (RA)/Junior Research Fellows (JRFs) at DIPAS.

The following corrections are hereby made in Advertisement No. DIPAS/HRD/ RA&JRF/01/2024, regarding the stipend for **Research Associate and Junior Research Fellow** and last date of receiving of the application form is as under:-

1. Under the Heading "General Conditions" :

**FOR: (1) For the Post Code RA-01:**

(i) **Stipend:** Rs. 54000/- + HRA as per rules applicable in DRDO.

(2) **For the Post Code JRF-01 & JRF-02 :**

(i) **Stipend:** Rs. 31000/- + HRA as per rules applicable in DRDO.

**READ : (1) For the Post Code RA-01:**

(i) **Stipend :** Rs. 67000/- + HRA as per rules applicable in DRDO.

(2) **For the Post Code JRF-01 :**

(i) **Stipend:** Rs. 37000/- + HRA as per rules applicable in DRDO.

**FOR : 4) Last date of receipt of application form is 20th August 2024**

**READ: 4) Last date of receipt of application form is 26th August 2024**

2. The other contents of the original advertisement will remain the same.

# India's Global Role in Heritage Conservation

## EN EXPLAINS

Due to the ravages of war and the shifting tides of civilizations, many invaluable cultural heritages—such as ancient stone inscriptions and intricate temple carvings—have been lost, robbing future generations of vital historical examples. In response to this crisis, the World Heritage Committee was established on November 16, 1972, during the 16th General Conference of UNESCO. This committee convenes annually and comprises representatives from 21 member countries, elected by the General Assembly.

The 46th session of the World Heritage Committee, held from July 21 to 31, 2024, marked a significant milestone as it was hosted for the first time under the chairmanship of India at Bharat Mandapam in New Delhi. The session was inaugurated by Prime Minister Shri Narendra Modi, who highlighted India's rich cultural heritage on the global stage. UNESCO Director-General Ms. Audrey Azoulay attended the event and was warmly welcomed by the Prime Minister.

The current World Heritage Committee includes representatives from Argentina, Belgium, Bulgaria, Greece, India, Italy, Jamaica, Japan, Kazakhstan, Kenya, Lebanon, Mexico, Qatar, Republic of Korea, Rwanda, Saint Vincent and the Grenadines, Senegal, Turkey, Ukraine and Vietnam.

### Key Highlights of the 46th World Heritage Committee

- Over 2,000 international and national representatives from more than 150 countries participated.
- The meeting included detailed discussions on proposals to nominate new sites to the World Heritage List, conservation reports for the existing 124 World Heritage Properties, International Assistance, and the use of World Heritage Funds.
- Various exhibitions were organised to showcase Indian culture, which captivated foreign guests.
- Over 350 artifacts brought from abroad were displayed in the 'Return of Treasures' exhibition.
- Attendees experienced immersive presentations using the latest Augmented Reality (AR) and Virtual Reality (VR) technologies for three World Heritage Sites in India: (a) Rani Ki Vav, Patan, Gujarat, (b) Kailasa Temple, Ellora Caves, Maharashtra, (c) Hoysala Temple, Halebid, Karnataka.
- 'Incredible India' exhibition was organised to highlight India's rich cultural heritage, ancient civilisation, geographical diversity, tourist destinations and modern advancements in information technology and infrastructure.
- Prime Minister Shri Narendra Modi emphasised India's ancient history, stating, "India is so ancient that every point of the present is a reflection of its glorious past."

- Referring to New Delhi, the Prime Minister noted that it is a hub of millennia-old heritage, where one can encounter history at every turn.
- He cited the example of a 2,000-year-old iron pillar, which is rust-proof and reflects India's past metallurgical prowess, stating, "India's heritage is not only history but also science."

### India - US 'Cultural Property Agreement'

On July 26, 2024, during the 46th World Heritage Committee, the Governments of India and the United States of America signed their first-ever 'Cultural Property Agreement' to combat and prevent the illicit trafficking of antiquities from India to the USA. The agreement was signed by Shri Govind Mohan, Secretary of the Ministry of Culture and Mr. Eric Garcetti, Ambassador of the United States to India, in the esteemed presence of Union Minister of Culture and Tourism, Shri Gajendra Singh Shekhawat.

The Cultural Property Agreement (CPA) aligns with the 1970 UNESCO Convention on the Means of Prohibiting and Preventing the Illicit Import, Export and Transfer of Ownership of Cultural Property, to which both countries are parties. The illicit trafficking of cultural property has long been a problem affecting many cultures and countries. A significant number of antiquities were smuggled out of India before the

States of certain archaeological materials dating from 1.7 million years ago to 1770 CE and certain ethnological materials, including categories of civic, religious and royal architectural materials, religious and ceremonial items and manuscripts from the 2nd century BCE to 1947 CE. The list of restricted items will be promulgated by the Government of the United States. According to the agreement, the United States will offer to return to India any object or material on the Designated List that has been forfeited to the US Government.

inscribed 24 new World Heritage Sites, including 19 cultural sites, 4 natural sites, and 1 mixed site. The Charaideo Maidam from Assam were designated as India's 43rd World Heritage Site, marking a significant achievement as it is the first cultural site from Assam to receive this recognition. Located in the Charaideo district, the Maidam are sacred burial mounds of the Ahom dynasty, reflecting six centuries of cultural and architectural development.

### About Maidam

**Charaideo Maidam:** The Tai-Ahom people, who believed their kings were divine, established a distinctive funerary tradition involving the construction of Maidam—vaulted mounds used for royal burials. This tradition lasted for 600 years and featured evolving materials and architectural techniques over time.

**Significance:** The Maidam are the third World Heritage Property from Assam, following Kaziranga National Park and Manas Wildlife Sanctuary, both inscribed under the Natural category in 1985. The Maidam of Charaideo, which celebrate and preserve royal lineage through monumental architecture, are comparable to the pyramids of Egyptian pharaohs and the royal graves of ancient China.

### Strategic Objectives of the World Heritage Convention

**Credibility:** Strengthen the credibility of the World Heritage List as a representative and geographically balanced record of cultural and natural properties of outstanding universal value.

**Capacity Building:** Promote the development of effective capacity-building measures, including assistance for preparing nominations for the World Heritage List and for understanding and implementing the World Heritage Convention and related instruments.

**Communication:** Raise public awareness, participation and support for World Heritage through effective communication.

**Community:** Enhance the role of communities in the implementation of the World Heritage Convention.

India's World Heritage has the power to captivate individuals, as it represents not just history but a shared reflection of human consciousness. India's heritage advocates for global welfare, aiming to connect hearts and foster an atmosphere of peace and humanity. Indian scientific heritage, such as Yoga and Ayurveda, is prominently demonstrating its global significance today. The World Heritage Committee also acknowledged the theme of the G-20 summit hosted by India—"One World, One Family, One Future"—and praised the concept of 'Vasudhaiva Kutumbakam.' Initiatives like the International Solar Alliance and Mission Life were also discussed openly during the committee meeting.

ratification of the 1970 UNESCO Convention and are now held in museums, institutions and private collections around the world.

Union Minister of Culture and Tourism, Shri Gajendra Singh Shekhawat, remarked that the CPA represents a significant step in protecting India's rich and diverse cultural heritage and invaluable historical artifacts. He noted that this agreement marks the beginning of a new chapter in preventing illegal trafficking and facilitating the return of antiquities to their place of origin.

The Cultural Property Agreement (CPA) restricts the importation into the United

The agreement will facilitate the prompt seizure of Indian antiquities by US Customs and their repatriation to India. Notably, the United States has previously established similar agreements with countries including Algeria, Belize, Bolivia, Bulgaria, Cambodia, Chile, China, Colombia, Costa Rica, Cyprus, Ecuador, Egypt, El Salvador, Greece, Guatemala, Honduras, Italy, Jordan, Mali, Morocco, Peru and Turkey.

### About the Committee

- The Committee is dedicated to ensuring the effective implementation of the World Heritage Convention and overseeing the use of the World Heritage Fund.
- Upon request from member countries, the Committee allocates financial assistance for heritage conservation to various countries in need.
- The Committee has the final authority on whether a property is inscribed on the World Heritage List.
- The Committee reviews reports on the conservation status of inscribed properties and encourages member countries to take necessary actions for their proper management.
- The Committee makes decisions by consensus regarding the inscription or removal of properties from the List of World Heritage in Danger.

At the concluding session of the 46th World Heritage Committee, Minister of Culture Shri Gajendra Singh Shekhawat announced that the Committee had

## BEST ENTRY FOR

ISSUE DATED 20 - 26 July 2024

**Q. The 2 day Global India AI Summit 2024 concluded recently in New Delhi. It showcased India's leadership in AI democratisation. In what ways has AI changed your day to day life?**

**Anwasha Bandyopadhyay  
Howrah, West Bengal**

'Artificial Intelligence', so far the epitome of 'human intelligence', undoubtedly marks the beginning of a new era. An extremely useful tool which is an outcome of a complex network of technologies offers a plethora of versatility in every field of life and can literally complement the needs/shortcomings of an individual. Its outstanding ability to make recommendations, data analysis, predict any requirement, in fact to follow almost every single command is being exploited by innumerable people round the globe.

The researcher fraternity is certainly not left behind; in fact, they are enjoying every bit of it. Medical biotechnology, industrial biotechnology, animal biotechnology and agriculture are the four largest domains that have greatly benefitted by the use of AI. For medical

biotechnology, starting from the computer aided drug designing to the prediction of precision medication, patient care assistance etc.- the count goes on. For industrial, animal and agricultural biotechnology, the prediction of high yielding parameters, disease prevention, assessment of the qualities of raw materials and the products are worth mentioning.

For people like us, AI has enlightened a new way of approaching and solving scientific problems. Being associated with infectious disease research, AI has helped me overcome my limitations as an individual. It provides biomedical images, predicts protein 3D structures, decipher genomic and molecular data for me. AI is useful for me in three particular aspects-  
(i) Genome sequence analysis  
(ii) Identification of potential drug targets  
(iii) Understanding the drug resistance property of pathogens

Given AI's ability to process a large amount of data, it particularly helps me in analysing huge genomic sequence data obtained from different sources to look for a certain genetic or genomic

## Employment News

Question of the Week

**UNESCO's 46th World Heritage Committee Session hosted by India concluded on 31st July 2024 in New Delhi with 24 new sites added, including Assam's Maidams. What are your views on the importance of preserving heritage sites? What role do you think such preservation plays in cultural and historical conservation?**

Entries may be sent to [writetous.en@gmail.com](mailto:writetous.en@gmail.com) latest by **21/08/2024** in English/Hindi/ Urdu and should be of **200 to 250 words**. Entrants must clearly mention their **Name, Age, Full Address, Email ID and Contact No**. The entry adjudged best will be published in **Employment News/Rozgar Samachar issue (dated 31 August - 6 September 2024)** and will be eligible for a **three-month free subscription of Yojana/ Kurukshetra/ Aajkal** as per the winner's choice.

### Shaping India's Future: A Vision for 2047 and Beyond

integration. Acting on the clarion call by Prime Minister Shri Narendra Modi of the 3Ds - Democracy, Demography, and Diversity, India hopes to cross the final line before it celebrates its centenary of independence.

#### Digital Revolution

One aspect of India that has taken the world by storm is the digital revolution that has steadily gained momentum since the early 2000 and is still on the rise. For example, UPI transactions in India increased from Rs 1 lakh crore in 2017-2018 to Rs 139 lakh crore in 2022-2023, representing 62% of digital payment transactions across the world. In 2012 RuPay card was issued by the National Payments Corporation of India with the aim to develop a first of its kind global Payment Network of India with wide acceptance at ATMs, Point of Sale Devices, and e-commerce platforms across the country. NPCI launched an international subsidiary called NPCI International Payments Limited (NIPL) on 19th August 2020 to increase the globalisation and availability of RuPay in foreign markets. As of March 2021, the market share of RuPay in India by volumes of traction is at 34% and by value 30%.

Digital transparency is today the talk of the town and the government of India is taking it with both hands. To enhance citizen satisfaction, the government is promoting e-governance through various measures such as implementation of e-Office for file movement, Bhavishya Pension Portal for filing pension papers, Jeevan Pramaan for generating life certificate of pensioners and so on. Department of Administrative Reforms & Public Grievances is a key department that has been entrusted with the work of executing these aspirational reforms.

#### Social & Religious Harmony

To maintain an upward affluent trajectory and that too for quite a long time requires that a country lay low and boss up while maneuvering through its ultimate goal of achieving the zenith. Societies thrive in tranquility and they attract investments only if they harbour social and religious harmony. For long, India has remained in turmoil losing out on possible investments due to the

frequent religious upheavals. By and large, Indians are peaceful and follow the mantra of *Vasudhaiva kutumbakam* meaning "the world is one family." But, as India is home to various ancient religions, there exist various contrary beliefs and manifestations that at times lead to weakening of the religious thread that binds all the Indians.

The challenge of the millennium is that this thread of communal harmony must be strengthened at all costs because only then we will be able to appreciate efforts across religions, caste and creed. As mentioned by the Prime Minister Shri Narendra Modi that among all the castes, the poor, the youth, women, and farmers were the biggest for him, and that only the uplift of these "castes" would lead to the progress of the country. The statement is a great leveler as not only it will enthuse the coming generations but will help the political class stride of the perennial premise of political gains achieved through manipulation of the caste system.

#### Military Might

Through centuries, India has remained a country of peace lovers despite the fact that it has been raided relentlessly by an incessant number of invaders mostly through its north western borders. History of the subcontinent affirms that its rulers have never attacked their proximate contemporaries just for want of land, wealth or other earthly matters unless and until their very existence is in danger. In today's era also India is vying for the *Aatmanirbhar Bharat* as far as the defence sector is concerned. To ensure that by 2047 Indian military becomes a force to reckon with, Indian must reinforce its military doctrine with inputs of artificial intelligence, cyber and robotic warfare, space based assets and various unmanned systems considering the dual threats from its northern and north western neighbours. It will also be imperative for India to enter into strategic partnerships and collaborations with countries lying on the same equilibrium.

#### Demographic Rebalancing

Prime Minister Shri Narendra Modi has on many occasions emphasised that India must be proud of its rich and

aberration and link it to a disease trait. Mining the genomic and/or proteomic data of the infected population through AI helps in identifying certain risk factors across different race and geographical locations. Furthermore, testing chemical compounds and their derivatives against AI-created 3D models of interacting protein partners with the help of AI estimates their plausible therapeutic activity. The entire scientific community is gearing up to have a better prediction and control over future disease outbreaks with the help of Artificial Intelligence.

varied demography. The success that Indians have achieved the world over is testimony to the affluence of Indians as a community and their contributions are lauded by one and all. But to maintain a sustainable balance, India must keep a check on its skyrocketing numbers unless and until it becomes a burden on the system. Some pointers indicate that by the current rate of growth, India's population will reach up to 1.64 billion in 2047. To ensure that till 2047 the country is empowered with a well-educated and erudite populace, the government must pay heed to matters of women empowerment, family planning programmes, and introduction of various incentive schemes for curtailing population and a well-developed and effective healthcare infrastructure. Although population related policies are to be dealt sensitively as they are marked by individual choices, cultural diversities and involve a general respect to human rights. Hence, coercive methods should not be used in democracies.

#### Promotion of Agriculture and Industrialisation

India is primarily an agrarian economy with significant industrialisation, and both sectors are anticipated to continue being the backbone of the country's economy in the long term. By adopting a comprehensive and integrated strategy for advancing both agriculture and industry, India can secure sustained economic growth, generate employment opportunities, and enhance the standard of living for its citizens. Adapting strategies to evolving economic conditions, technological progress, and global market trends is crucial for ensuring long-term success.

#### Reforms in Governance

Any government aspiring to become a good governance model for the world must be equipped with a compassionate and corruption free service force. It is not enough that the staff is made proficient with regular capacity building programmes but it is also imperative that they are taught to respect human values as ultimately they have to deal with them only. One of the key arms of the Government namely, Department of Administrative Reforms & Public Grievances, could play pivotal role in this, as the department has been entrusted with bringing about

administrative reforms in the government functionary. In the past, the department came up with administrative reforms like doing away with the system of attestations by gazetted officials etc. to name a few. Over the years, various committees and commissions have recommended reforms to streamline administrative processes, reduce bureaucracy, and improve service delivery through tools of e-governance, digitisation, decentralisation and innovations in governance. So the responsibility of the department rises manifold if India is to achieve its goal by 2047.

Apart from the above, India must plan to become a sporting giant, invest heavily in infrastructure development, boost private investment and ultimately become a role model for sustainable development. Although the 5 year plans have been abandoned, the 2047 plan must be revisited on frequent basis to revamp goals and objectives based on the evolving world order and stride through any black swan event(s).

#### Conclusion

If India is to reach its destination, the collective conscience of the country needs to leapfrog. The country's smoldering success should continue after 25 years also. The apex policy think tank of India NITI Aayog is brainstorming to come up with an exhaustive 25 years vision document to create a blueprint for India's development in the next 25 years and the plan is under transit through the best of minds in the higher echelons of the government. But it is certainly not only the government's responsibility to see that by the centenary year of India's independence, the country becomes a developed nation. For that matter no country can, unless and until the common citizens, private sector and civil society come together and contribute for the cause. Only then in true sense *Ram Rajya* will be unveiled.

### President Appoints New Governors across Multiple States

President Smt. Droupadi Murmu has appointed new Governors in several states. Notable changes include Shri Gulab Chand Kataria as Governor of Punjab and Administrator of Chandigarh and Shri C.P. Radhakrishnan, who will move from Jharkhand to Maharashtra. Other appointments include Shri Haribhau Kisanrao Bagde as Governor of Rajasthan, Shri Jishnu Dev Varma for Telangana and Shri Om Prakash Mathur for Sikkim. Shri Santosh Kumar Gangwar will become Governor of Jharkhand, while Shri Ramen Deka will take on Chhattisgarh. Shri C.H. Vijayashankar will govern Meghalaya and Shri Lakshman Prasad Acharya will move from Sikkim to Assam and Manipur. Former IAS officer Shri K. Kailashnathan has been appointed Lieutenant Governor of Puducherry.

### Supreme Court Allows Sub-Classification of SC/ST Reservations

The Supreme Court has approved the sub-classification of Scheduled Castes (SC) and Scheduled Tribes (ST) reservations to create separate quotas for more disadvantaged groups within these categories. The decision, delivered by a seven-judge bench led by Chief Justice DY Chandrachud, was passed by a 6-1 majority. The court upheld the authority of states to sub-classify SCs and STs

based on varying levels of backwardness, but emphasised that states cannot allocate 100% of reservations to any single sub-class. Sub-classification must be supported by empirical data demonstrating the need for such measures. The bench observed that SCs and STs are not a homogenous group and that systemic discrimination has hindered their progress. It also directed states to develop policies to identify and exclude the 'creamy layer' within SCs and STs from affirmative action, distinguishing these criteria from those used for Other Backward Classes (OBCs). This ruling overturns the 2004 judgement in EV Chinniah vs. State of Andhra Pradesh, which had previously deemed sub-classification impermissible.

### Ideas4LiFE Promoting Environmentally Friendly Lifestyles Launched

Union Minister for Environment Shri Bhupender Yadav has launched the Ideas4LiFE initiative at IIT Delhi, inviting innovative ideas for promoting environmentally friendly lifestyles. The platform seeks contributions from students, researchers and faculty to support Prime Minister Shri Narendra Modi's vision for sustainable resource use. The Minister encouraged participants to submit their ideas online at Ideas4Life.nic.in, highlighting the initiative's role in advancing the Mission LIFE global movement for environmental sustainability.

### India and Vietnam Sign Nine Agreements to Boost Strategic Partnership

India and Vietnam have signed nine agreements to strengthen their comprehensive strategic partnership and enhance cooperation across various sectors. The deals, covering areas including customs, agriculture, legal matters, media, culture and tourism, were finalised during a state visit by Vietnamese Prime Minister Mr. Pham Minh Chinh, who met with Indian Prime Minister Shri Narendra

Modi. Both leaders agreed to further bolster economic, strategic and cultural ties. Key agreements include a memorandum of understanding for agricultural research between the Central Agricultural University of Manipur and the Vietnam Academy of Agricultural Sciences and another for media cooperation between Prasar Bharati and Voice of Vietnam. Additionally, two credit line agreements totaling \$300 million were established and Vietnam will join the Coalition for Disaster Resilient Infrastructure. A plan of action for the Comprehensive Strategic Partnership for 2024-2028 was also set.

### Visiting Japanese Delegation Seeks Enhanced Economic and Technological Cooperation with India

A Japanese parliamentary delegation led by Speaker Mr. Nukaga Fukushima met with Lok Sabha Speaker Shri Om Birla in New Delhi and discussed India's progress in women's empowerment and democratic reforms, including the Nari Shakti Vandan Act and the role of the Election Commission. Shri Birla emphasised the potential for Japanese investment in India,

citing the strong governance under Prime Minister Shri Narendra Modi and urging more collaboration through parliamentary exchanges and digital technology. Mr. Fukushima congratulated Shri Birla on his re-election as speaker and expressed his desire to deepen economic ties, noting Japanese interest in investing in India. He also advocated for increased cooperation in technology sectors like IT, semiconductors and AI, underscoring the strategic partnership between New Delhi and Tokyo for regional stability and prosperity.

### India Elected Vice Chair of Indo-Pacific Supply Chain Council

India has been elected Vice Chair of the Supply Chain Council under the Indo-Pacific Economic Framework (IPEF). The Supply Chain Council, one of three bodies established by the IPEF to enhance supply chain resilience, will be chaired by the USA, while Korea and Japan will lead the Crisis Response Network. The Labour Rights Advisory Board will be chaired by the USA with Fiji as Vice Chair. The elections were held during the inaugural meetings of the three supply chain bodies, with terms set for two years. The IPEF, launched in May 2022, aims to boost economic engagement and cooperation among its 14 member countries. India's commitment to supply chain resilience was formalised through an agreement signed in November 2023 and ratified in February 2024.

### India Leads Global Digital Payments, Accounts for 48.5% Transactions: RBI Report

India holds nearly half of the world's digital payment volume, with a 48.5% share in global real-time payment transactions, according to a Reserve Bank of India (RBI) report. The country also topped global remittances, receiving USD 115.3 billion in 2023. The report notes that India's digital economy, which constitutes about 10% of its GDP, is projected to

grow to 20% by 2026. Digital payments have surged with a 50% annual growth rate in volume and 10% in value over the past seven years. India's digital ecosystem includes innovations such as biometric identification, Unified Payments Interface (UPI) and mobile connectivity. However, the report highlights growing cybersecurity concerns, with security incidents increasing significantly. It emphasises the need for advancements in communication technologies and self-sufficient chip manufacturing to sustain growth.

### India's First Integrated Agri-Export Facility Approved for Mumbai's Jawaharlal Nehru Port

India's first Integrated Agri-Export Facility will come up at Jawaharlal Nehru Port in Mumbai to bolster the country's agricultural export and import capabilities. Ports, Shipping and Waterways Minister Shri Sarbananda Sonowal has approved the project of Development of an Export-Import cum Domestic Agricultural Commodity-Based Processing and Storage Facility on public Private Partnership mode worth over 284 crore rupees. Shri Sonowal said, the development of this all-in-one agricultural facility will streamline logistics, reduce wastage and provide better prices for agricultural products. He said, this is a significant step towards empowering the farmers and boosting India's agricultural sector. The facility will cater to exports of prominent items like non-basmati rice, maize, spices, onion and wheat.

### Defence Ministry and NSE Sign MoU to Boost MSME Capital Access

The Ministry of Defence and the National Stock Exchange (NSE) have signed a Memorandum of Understanding (MoU) to improve capital market access for Micro, Small and Medium Enterprises (MSMEs) in the defence sector. The agreement will facilitate MSMEs in raising equity capital through the NSE Emerge platform. The MoU, effective for five years, includes awareness programmes to guide defence sector corporates in using NSE Emerge for fundraising. NSE will also provide support in connecting MSMEs with key intermediaries and offer guidance on capital markets and regulatory compliance.

### Jiya Rai Becomes World's Youngest & Fastest Female Para Swimmer to Swim Solo Across English Channel

Para swimmer Jiya Rai has become the world's youngest and fastest female para swimmer to swim solo across the English Channel successfully. The 16-year-old covered the 34 km stretch, from Abbots Cliff in England to Pointe de la Courte-Dune in France, in 17 hours and 25 minutes on July 28-29. She is an international open water para swimmer with a world record in open water

swimming. Despite having a disability, she has many inspiring achievements to her credit, including swimming across Palk Bay earlier. Jiya Rai is a recipient of many international and national awards including the prestigious Pradhan Mantri Rashtriya Bal Puraskar (PMB) - 2022 the highest award for citizens below 18 years of Age. She has dedicated her exceptional conquest of the English Channel to raising awareness about autism. She is the daughter of a naval personnel serving in Mumbai.
